## DEATH IN EASTERN A WRECK

### Rescuers Witness Awful Scenes Among the Wounded.

ALTOONA, Pa., July 4.—Investigation today of the runaway car accident at Portage last night showed that thirteen men of a party who were holding a celebration together were killed. Several others were injured. The disaster happened on what is known as "Martin's" curve, on a track four miles long, that acts as a feeder for several mines near Portage and Puritan. The incline is very steep and it is the custom to run cars down to Portage. The car had gone three miles before leaving the tracks and gained frightful momentum. It hit Martin's curve while going at full speed and left the tracks at a sharp angle, turning half way round and plunging into the crowd of merry makers. The party had been drinking and singing for several hours.

FRIGHTFUL SIGHT.

When the rescuers arrived they were appalled by the frightful sight that was presented. Two of the unfortunate foreigners had been decapitated. The lower portions of the bodies of four men were visible, while the trunks were crushed into a shapeless mass, pinned down by the twisted steel and broken timbers. One man whose head and a portion of his body protruded from the wreckage was alive when the first of the rescuers arrived on the scene, but they were unable to remove the weight that pinned him to the ground and he died in a few minutes. In the course of an hour a portion of the wreckage had been removed. Directly under the car were at least seven bodies, ground into the earth, the heads crushed as flat as though they had been placed under a steam hammer.

DEAD MEN FOREIGNERS.

All of the dead men were foreigners who had lately been imported to work in the mines near Portage.

It was impossible to see the car in its flight down the incline. It was within twenty feet of where it left the tracks. An investigation to ascertain who started the car is being made.

## TRIPLETS, TWINS AND A SINGLE

★ NEW YORK, July 4.—Six robust babies were added to the ★ passenger compliement of the ★ North German Lloyd liner Kaiser Grosser Kerfust on the voyage from Bremen which ended ★ yesterday. The Kerfust was ★ hardly out two days from Bremen when Dr. Starke, the ship's ★ physician, was summoned to the ★ steerage at midnight and before daylight announced that ★ Mrs. Leah Polinsky had become ★ the mother of triplets, two girls ★ and a boy. Three days later the ★ doctor was called to the second ★ cabin to attend Mrs. A. Cobham, ★ who brought into the world two ★ baby girls.

On Sunday night, while Dr. Starke and the second officer sat smoking together the surgeon remarked that he hoped there would be no more births before the ship docked. The words were hardly uttered when a stewardess came hurriedly aloft and announced that another birth was imminent.

This time it was the first cabin and Mrs. Friedneburg added the sixth baby to the record list of births on the Kerfust. Mrs. Friedenburg's husband came from Seattle to meet the steamer and was overjoyed when he boarded the ship and found another heir.

## BATTLED TO TRY TO SAVE HER LIFE

### Mrs. Susan M. King, Aged Sixty-Seven Years, Meets a Tragic Death.

SAN FRANCISCO, July 4.—Mrs. Susan M. King, a widow, 67 years of age, was burned to death this morning in the rear of her residence, 18 Beaver street, while igniting a heap of rubbish. Her clothing caught fire as she bent over the refuse and in a moment she was enveloped in flames from head to foot. A series of piercing screams brought her daughter and son-in-law, Stephen T. Arnold, and his wife to the scene.

Desperate efforts were made to put the flames out, but more than two-thirds of the body of the deceased were cruelly blistered by the flames. Mrs. Little, a neighbor, also attempted to put the flames out, but her efforts were also unavailing until the aged woman had been fatally burned.

Medical assistance was sent for, but the woman breathed her last before the arrival of a physician. The remains have been removed to the Morgue, where an inquest will be held.

## LEARNS THAT HE IS AN ORPHAN

### After Twelve Years, Child Found on Doorstep Is Told Story of Life.

For the first time in his brief life of twelve years, Willis E. Miller, an intelligent appearing lad of Fruitvale, learned last night that he is an orphan and that the woman who has reared him is in reality not his mother.

FOUND ON DOORSTEP.

For eleven years and eight months he had been cared for by Mrs. Minnie Hennessy of Fruitvale, who, according to the story told the lad, picked him up from her doorstep in San Francisco where she formerly resided when he was about four days old. Miller is now detained in the juvenile ward at the Receiving Hospital, where he will remain pending the action of court on letters of administration filed by Mrs. Hennessy. He is said to be a lively youngster with an inclination to appropriate property other than his own, but this he denies. He was accused of having pilfered some stick pins from a neighbor, but he pleads not guilty to the charge.

NOT HIS MOTHER.

"The first time I knew I was an orphan," said young Miller today, "was when Mrs. Hennessy told me yesterday she was not my mother. She said I was left on her doorstep in San Francisco when I was only four days old. I always thought she was my mother and I called her mamma, but now I don't know who my mother is or who my father is. I guess I am what they call an 'orphant.' I hope I can stay here at the hospital. I don't want to be sent to any school of correction. When Mrs. Hennessy found me her name was Minnie Drossel. She went to live in Fruitvale soon after she found me and she lives there now. I am afraid she is going to send me to some institution."

THREE P

TOOK POISON.

The records at the Receiving Hospital show that in 1901 Minnie Drossel was treated for carbolic acid poisoning taken presumably with suicidal intent. Her address was given as Fruitvale, and her occupation as domestic. When Mrs. Hennessy arrived at the hospital with the boy yesterday, she was heard to remark that she had once been a patient in the institution.

WOMAN WEEPS.

Mrs. Hennessy wept bitterly at the hospital when she was reciting to the boy the fact that she was not his mother. It is presumed young Miller will be sent to a house of correction.

Through the kindness of Steward Harry Borchert and Warden Page, the youthful prisoner thoroughly enjoyed the Fourth of July. They purchased fire crackers and other noise-makers for their charge and he was allowed to play about the hospital grounds the best part of the day.

## THUGS CHOKE VICTIM IN ROOM

Beset by one or more unknown thugs, who according to the story told by him to the police this morning, attacked him in his own room at seven o'clock last night, Charles Hansen, residing at 1054 Broadway, was choked into submission and, as he lay helpless on the floor, was robbed of a small sum of money.

Hansen declares that on account of the darkness of the room, he was unable to see the faces of any of his assailants, and so was unable to furnish the police with a description of the men who had attacked and robbed him.

According to his own story, Hansen returned to his room from supper, and as he entered the apartment, he says that he was seized from behind by a man who pinioned his arms. Before he could free himself he declares that he was grasped by the throat and choked almost into insensibility and that while he was helpless his money was taken from his pocket. When he recovered from the effects of the choking he received, his assailants and also his money had disappeared. Hansen at once reported the matter to the police.

## PRESIDENT TALKS OF FOURTH

### Takes the Words of Abraham Lincoln as His Text.

OYSTER BAY, L. I., July 4.—President Roosevelt today delivered the Fourth of July oration to his townspeople in a natural grove at Oyster Bay. Addressing his auditors as "My old friends and neighbors, you among whom I was brought up and among whom I have lived for so many years," the president said it was a great pleasure to be here and say a few words of greeting and in a sense to give an account of his stewardship. Mr. Roosevelt said that there was two or three things which he wanted to talk about. He would for his text take the words of Abraham Lincoln, just after his election.

WEAK AND STRONG MEN.

"In any great national trial hereafter, the men of that day, as compared with those of this, will be as weak and as strong, as base and as good. Let us, therefore, study for the future." And later "so long as I have not planted a thorn in any man's bosom."

Speaking on the conditions at the time when Lincoln spoke these words, the president said it was possible for Lincoln to say, with entire truth, that he bore no rancor and did his work without hatred to the doer of evil.

"Lincoln did not treat anything that was done against him as a wrong calling for vengeance, but for a remedy, and it is in just that spirit that the American people must approach their problems of today.

"We have not as great problems as Lincoln had," he said, "but we have problems, and the way to face them will give our children cause of pride or for shame. If citizens of Lincoln's time had not done their duty we could have not have held up our heads today."

"Hear, hear," came from the assembled crowd.

STOP TALKING.

"Will you stop talking over there," ejaculated the president, pointing to a distant carriage, in which some persons were talking.

"Is he deaf?" he added, as the conversation continued.

"We'll make him dumb, also" (laughter.)

"Thank you," added the president as the annoyance ceased.

Continuing, he said that other duty calls for the exercise of more than

### CONDITION OF HEALTH IN SAN FRANCISCO

SAN FRANCISCO, July 4.—Dr. Hassler, of the health department, says there has been a remarkable decrease in sickness in this city. He says the most marked falling off has been in contagious diseases, particularly in typhoid fever. He estimates that in the last thirty days there has been an improvement of fifty per cent in the health of the city. At no time since the fire has the public health been affected to any serious degree and the constantly improving condition is a source of gratification to the public officials.

## DETECTIVE CALLED TO TELL HIS STORY

Mrs. Stanford White.

### Man Employed by Thaw to Trace White Summoned by the Prosecution.

NEW YORK, July 4.—John E. McKenna, head of a detective agency, and said to have been employed by Harry Kendall Thaw to trace Stanford White, the architect whom he shot, was one of the first witnesses examined yesterday by Assistant District Attorney Garvan. When he reached the Criminal Courts Building he had with him copies of the reports made by his agency to Thaw. These reports were turned over to Mr. Garvan and will, beyond doubt, be used when the Thaw case comes to trial. The testimony of McKenna is regarded by the State as being of great importance. It is reported that it corroborates the story told by Paul L. Bergoff, the detective employed by White, it is said, to shadow the men in Thaw's party. Bergoff said before he was called upon to give his statement before the Assistant District Attorney that he was ready to go on the witness stand and prove that White was not the kind of man that he had been painted.

I. W. Rorke, ex-superintendent of the business conducted by McKenna, was examined further by Mr. Garvan. Rorke is authority for the statement that Thaw was unfairly dealt with.

Other detectives than McKenna were examined yesterday.

## MEXICO STIRRED BY EARTHQUAKE

SOCORRO, N. M., July 4.—The severest earthquake that Socorro has experienced in five years awakened the city's population at 3:15 o'clock Monday morning and the rumbling and rocking sent nine-tenths of the population scurrying into the open air. Buildings swayed to and fro, and doors, windows and other movable things rattled in a lively and alarming fashion. No damage was done other than the throwing down of loose plaster and brick and the slight cracking of a few buildings. There were no less than twenty shocks, great and small, during the day and one rather severe one Monday night.

## JOY OVER GERMAN PRINCE

### One Hundred and One Guns Notify Public of Event.

BERLIN, July 4.—Crown Princess Frederick William was safely accouched of a son at 9:15 this morning.

The guns of a battery of artillery began to fire slowly in the square opposite the palace at about noon and tens of thousands within hearing of the salute stopped in their work counting the guns, for it had long been announced that seventy-two shots would be fired for a girl and 101 for a boy.

Seventy-one! Seventy-two! Seventy-three! then the city knew that an heir presumptive had been born. About half a million copies of the Official Gazette containing the following proclamation were given away:

★ Her Imperial and Royal High- ★
★ ness, the Crown Princess of the ★
★ German Empire and Prussia, was ★
★ happily delivered of a prince at ★
★ 9:15 a. m. in the marble palace ★

★ non shots. The crown princess ★
★ and the prince are in the best ★
★ condition. ★
★ VON WEDEL, ★
★ Minister of the Royal House. ★

All the public and many private building are decorated with flags.

Although prayers have been said in the churches since the second day in June, the event was hardly expected so soon, the crown princess having arranged to take an early drive this morning.

The empress was summoned from the new palace at 4:30 a. m. and immediately went to the marble palace. Professor Gumm hastened in an automobile from Berlin. The boy is well formed and strong.

The news of the birth of his grandson was communicated to Emperor William by means of a wireless dispatch from Kiel to the steamer Hamburg, in which his majesty is proceeding to Trondjhem, Norway. She was last reported in the great belt.

There was great rejoicing at Potsdam when it became known that the crown princess had given birth to a son. A salute was fired and the town was decorated.

ORATOR OF THE DAY

Rev Charles R Brown orator of the day spoke as follows

It is fitting that the people of this county should on this [illegible] day of [illegible] American Independence assemble in the various communities to give substantial attention to its far reaching significance. The birthday of a mighty nation must have a certain sacredness for the people of that land in [illegible] and estimate the forces which make for human progress. It would be a little less than a calamity if the Fourth should be given over entirely to thoughtless noise or careless dissipation and it rests with those who have eyes to see as well as ears to hear to maintain those observances which shall keep this day in its rightful place of dignity and honor.

OBSERVE THE DAY

It is especially fitting that the people around this bay should in this year of our Lord 1906 observe this day with a new sense of its deeper meaning. For many years the people of this State comfortably established in the fair re[illegible] gion between the Sierras and the Rockies [illegible] I want to ask today if we are not in some danger of forfeiting the honor [illegible] which has been ours as a people through certain forms of neglect? First is a lack of interest in civic affairs. [illegible] of our citizens [illegible] will meet troops of public men [illegible] with never a sign of a [illegible] that the [illegible] do not know anything [illegible] and what is more they [illegible] are anything about them—they [illegible] going and attend to their own [illegible]. Now in my judgment the man [illegible] turns up his disdainful nose at civic [illegible] politics common and un[illegible] washes his hands of the whole [illegible] and shirk. He [illegible] to live in Turkey or in Russia [illegible] the people have little or no voice [illegible] assume [illegible] H does not deserve [illegible] Immunity citizens until he is [illegible] to assume the obligations as well [illegible] rights that go with citizenship. [illegible] History is full of the fight when George Washington was growing up in the state of Virginia when Andrew Jackson was forming his character in the state of Tennessee when Abraham Lincoln was entering into the privileges of manhood in the state of Illinois civic affairs were [illegible] of intense and absorbing interest [illegible] people generally. The great issues before the nation were talked at the [illegible] tables in the country stores in public [illegible] and in the serious utterances of [illegible]. Political life was central in public interest—not sport not the [illegible] and spending of huge fortunes [illegible] one of the subordinate interests [illegible] belong to life but the government [illegible] country and the gradual shaping [illegible] of true hope into actual political [illegible] were the matters of great [illegible] concern. And up out of such [illegible] would come that type of citizenship [illegible] the top of statesmanship which [illegible] was trained and competent for [illegible] upon it to bear the burdens of its [illegible].

NATIONAL INTEREST

It is [illegible] that we [illegible] of the [illegible] interest of the [illegible] which [illegible] community from the [illegible] [illegible] and [illegible] [illegible] [illegible]

# ROBBED ON CAR

## Clever Sneak Thief Steals Twenty Dollars by Ruse.

Mrs. M. Knox, residing at 112 East Sixteenth street, was the victim last night of a clever sneak thief, who, distracting the attention of his victim by a ruse, abstracted two $10 gold pieces from her satchel, and made his escape before the theft was discovered. Mrs. Knox was riding on a Telegraph avenue car, and when near Idora park, a man sitting beside her called her attention to the fact that she had dropped her transfer. As she stooped to pick it up the man leaned toward her, and she believes that it was at this time that the theft was committed.

The polite stranger left the car at Idora park, and only a few minutes later Mrs Knox discovered that she had been robbed. She at once came back to Oakland, and reported the theft to the police, to whom she gave the following discription of the man who sat beside her in the car and whom she suspects of having robbed her:

About thirty years of age, five feet, seven inches tall, light complected, and smooth shaven, wore a gray suit. A distinguished feature of the suspect was a group of moles under his left eye.

### TEUTONIC ARRIVES.

QUEENSTOWN, July 4.—Arrived, Teutonic, New York, for Liverpool.

# FIRE ALARMS DURING YEAR

## Averaged About Fifteen a Month Exclusive of Still Alarm.

During the last fiscal year, just ended, one hundred and eighty four alarms of fire have been sounded in the city of Oakland, exclusive of still alarms. In July, 1905, twenty-one alarms were turned in, in August fifteen, in September twelve, in October twenty-two, in November twenty-three and in December fifteen. In January, 1906, there were twelve, in February seven, in March six, in April seven, in May ten, and in June thirteen.

In April of this year, more alarms of fire were turned in in this city than in any month since July, 1902, when about the same number were sounded.

Few persons in Oakland realize the number of taps which the big fire bell at Engine House No. 1 has been struck by the striking of these alarms. The number of strokes which the hammer of the bell has struck on box fire alarms alone in the last fiscal year was 6744. This is exclusive of the three strokes which are sounded at 12 o'clock each day, and the three strokes each time a still alarm is sounded.

The mechanism by which the bell is rung is so delicately adjusted that a mere touch will set it in motion, and yet in the entire year the big bell has never failed to sound each fire alarm as it was turned in.

# RIOT WAS PLANNED

## Evidence Gathered That Police Incited Killing of Jews.

ST. PETERSBURG, July 4.—A point strongly brought out in the Parliamentary report of the massacre of Jews at Bialystok is that there was no religious hatred of the Jews among the Russian people. The fighting was confined to the police, troops and Black Hundreds on one side and the Jews and the revolutionists on the other. The Parliamentary commission found overwhelming evidence that the riot was deliberately prepared. After the assassination of Chief of Police Derkachoff proclamations were scattered broadcast by the police among the soldiers and the Black Hundreds, charging the Jews with being enemies of the Russian state and responsible for the revolution, and styling the lower house the "Douma."

The commission cites proofs on every hand that after the rioting was started it was directed by the police and supported by the troops, who fired only at Jews and Jewish houses.

The report does not specifically place the blame for the throwing of the original bomb into the procession, although it says that several revolver shots were fired and that a bomb was thrown later among the Black Hundreds accompanying the procession.

Sheremetieff, the police officer, who fled from Bialystok to Vilna after the rioting, has been summoned to St. Petersburg by Interior Minister Stolypin.

# DEUTSCHLAND PROVES WINNER

## German Steamer Beat French Boat La Pronence In Ocean Race.

NEW YORK, July 4.—The second eastward trans-Atlantic race between the Hamburg-American line steamer Deutschland and the French line steamer La Provence ended this morning with a decisive victory in favor of the German boat.

The Deutschland was reported 140 miles southwest of Browhead at seven o'clock yesterday afternoon and was reported passing Eddystone lighthouse at the entrance to Plymouth harbor at 6.39 a. m. today. Her time of passage from New York to Plymouth is five days, fourteen hours and nine minutes, an average speed of 23.01 miles per hour. The distance covered was 3093 miles. La Provence was reported by wireless telegraph when the vessel was 150 miles south of Browhead at 7:10 o'clock this morning. The Deutschland for Plymouth, Cherbourg and Hamburg cleared Sandy Hook bar at 11 o'clock a. m. Thursday, June 28, and La Provence for Havre followed an hour and fourteen minutes later. Allowing for this difference in time, the Deutschland beats La Provence nearly eleven hours, against the four hours claimed by the French steamer on the previous race.

### MISS SUTTON BEATEN TODAY IN SEMI-FINAL

# TO LIE IN WAIT FOR DRUNKARDS

SAN FRANCISCO, July 4.—The police department is preparing to devote its exclusive attention tomorrow to those citizens who are overcome by a too free indulgence in intoxicating beverages. With the opening of the saloons a plan will be inaugurated which, it is believed, will keep the streets free from those who have fallen under the influence of strong waters.

A bluecoat will be stationed in proximity to every saloon, and when the swinging doors open and an inebriated customer comes forth he will promptly be taken in hand by the waiting minion of the law. A police ambulance will be in readiness, and the unfortunate will be hustled along to the first brick pile.

This plan has received the hearty indorsement of those who know of the sobering effect of manual labor. While it is to be expected that many of the patients will look upon the treatment with disfavor, the presence of a husky policeman as attending physician will help them to become reconciled to the period of brick scalping.

"I do not expect much disorder tomorrow," says Chief Dinan, on discussing his plan of campaign, "but we are prepared for all possible emergencies. The drunks need not expect any special consideration because it is the day set for the opening of the saloons. Anyone found under the influence of liquor will be immediately placed under arrest. The inebriates will then be put to work on the first handy brick pile and be compelled to do their part toward the rehabilitation of the city."

# WAGE WAR ON IMPURE MILK

## Berkeley Health Officer Will Get After the Bogus Dairies.

BERKELEY, July 4.—Health Officer F. Reinhardt has just returned from the east, where he gathered statistics in order to wage a campaign in Berkeley against impure milk being sold in the college town. He will take steps to have an ordinance framed that will accomplish the extermination of all diseased bovines found in Berkeley.

It is the intention of Dr. Reinhardt to renew the campaign he waged about a year ago against the dairymen of the city. At that time the health officer claimed that all cows which could not pass the tuberculin test should be exterminated, but the milkmen took an opposite view and succeeded in getting out an injunction against the city official.

"While in the east I made a study of the milk supplies of cities," said Health Officer Reinhardt today, "and I find that the leading authorities take the stand that all cows that can not pass the tuberculin test should be eliminated from dairy herds. We found a year ago that the present dairy ordinance was faulty and this allowed the milkmen to get out an injunction against me. But now I have prepared a new ordinance which, if passed by the City Board of Trustees, will compel all cows afflicted with tuberculosis to be destroyed.

"At the meeting of the American Medical Association in Boston, last month, the milk question was thoroughly discussed by the leading medical men of the United States with the result that the tuberculin test theory was strongly upheld.

"It has been shown that nearly every herd of cows about the bay cities has some cows with the tuberculosis. These diseased animals will all have to be killed before we can be assured of a pure milk supply."

# DISABLED, BUT PEOPLE SAFE

## Steamship America In Distress Off the Azores Islands.

NEW YORK, July 4.—The Fabre line steamship America was picked up on June 19th, a short distance off the Azores Islands in a disabled condition by the Dinnamare, which arrived here today. She was dying signals of distress, the machinery being badly crippled, but from what cause the New York agents have not learned.

It was also stated that the America was short of provisions and coal and would not have been able to reach port even had her machinery been in working order.

All of her 100 passengers and crew were in good health. At the offices of the Fabre line in this city it was said that the America's passengers would be brought to New York on the first steamer leaving Bermuda for this port.

### ASKS FOR PATENT FOR NEW MACHINE

BERKELEY, July 4. — Roy E. Frickey, who was graduated with the class of 1906 at the University, has completed a machine which will work wonders in the clearing of the obstructions in the debris in San Francisco. The machine has been examined by Professors Cory, head of the civil engineering department at the university, and Charles Derleth of the department of structural engineering and both experts say the new invention is a perfect success.

The invention is for the purpose of cutting steel beams, rivet heads, etc., which have been twisted and warped by the fire in such a way that they cannot be handled by the present method. The old way was to cut the big beams by hand, but Frickey's machine eliminates this labor to a minimum by making the machine do the work of two men.

The invention is now before the authorities at Washington and the patent is being rushed through. A company has been formed so that the property owners of San Fransisco may at once have the use of this new invention.

The well known strengthening properties of IRON, combined with other tonics and a most perfect nervine, are found in Carter's Iron Pills, which strengthen the nerves and body, and improve the blood and complexion.

# FALLS ASTRIDE WAGON WHEEL

## Lineman Injured While Working at Top of a Ten-Foot Ladder.

John Halliman, a lineman in the employ of the Sunset Telephone and Telegraph Company, and whose home is in San Francisco, was treated at the receiving hospital this morning by Dr. H. Koford for a rupture sustained as the result of a peculiar and unusual accident.

Hallinan was at wor kat the top of a ten-foot ladder in front of the premises at 311 Eleventh street. Without warning the ladder slipped from beneath him and he fell with much force astride of the rear wheel of a wagon standing at the curb near the foot of the ladder. The injured man rolled into the street suffering much pain. He was later able to make his way to the hospital with the assistance of a fellow workman, where he received medical attention.

### CELEBRATE FOURTH AT SACRAMENTO

SACRAMENTO, July 4.—The Fourth of July was celebrated in Sacramento today in a rousing manner. J. W. Wilson was the grand marshal. Governor George C. Pardee, Adjutant General J. B. Lauckan and Colonel H. I. Seymour rode at the head of the military division in the parade. Pioneers of '49, Mexican war veterans and members of the G. A. R. were in the line. # WILL OPEN TOMORROW

## After Three Months of Drought San Francisco Is To Have Saloons.

SAN FRANCISCO, July 4.—Mayor Schmitz having signed the retail liquor ordinance, saloons will be permitted to resume business tomorrow. All sales of liquor, either in retail or wholesale quantities, have been prohibited since April 18th, and since that time the city has been remarkably free from crime. Few arrests have been made and the police have had little else to do than to patrol the streets. Under the old order the saloons paid $84 per year license. They will now be required to pay $500 annually. The increased rate has apparently not affected the demand for licenses. It has been announced that two thousand licenses have already been granted. Should the two thousand saloons continue in business for the coming year the city's revenue from this source will be $1,000,000 or $400,000 in excess of the budget estimate.

The large number of applications for licenses under the increased rate has caused general surprise.

# VERY CLOSE CAME TODAY

## San Francisco Wins From Oakland in the Tenth Inning.

An interesting game was played at Idora park this morning between the Oaks and the Refugees, ten innings being necessary. Oakland was first at the bat, but errors led to her downfall by a small margin, as will be seen by the score. Meyers and Bradbury were the San Francisco batteries, while Graham and Bliss held things down for the Oaklands. Knell and McDonald were the umpires. The score.

# REGATTA ON LAKE MERRITT

The regatta on Lake Merritt this afternoon is largely attended. There are many entries and several spirited contests are in progress.

SARTOV, Russia, July 4.—Kozuroff, who attempted to assassinate Interior Minister Stylopin August 4, 1905, while the latter was Governor Saratoff, has been acquitted.

# DEATH IS PENALTY

## Rojestvensky, Now Being Tried, to Die if Guilty.

CRONSTADT, Russia, July 4.—The trial by courtmartial of Vice Admiral Rojestvensky and the officers of the torpedo boat destroyer Bedovi for surrendering to the enemy after the battle of the Sea of Japan began here today. Several Japanese seamen and two surgeons have been summoned as witnesses. They are expected to furnish evidence regarding Rojestvensky's condition at the time of the surrender.

The penalty of conviction is death.

# PRESIDENT TALKS

(Continued From Page 1.)

one quality on our part. First, honesty, which meant disinterested devotion to what is right. Without this all others would count for naught in 1906 the sentiment "the union must be preserved," was the saving quality. It was patriotism first, and then courage to make that patriotism avail. The old soldier he saw before him knew this. "I don't care how devoted the soldier was to the union," said the president, "if, when the crashes came, he ran away (laughter). We needed the foremost moral courage and back of it the physical courage."

"That was what we needed, wasn't it, comrade?" addressing a veteran before him.

"Exactly," was the reply.

"You needed sanity and common sense, in addition to the qualities of patriotism and courage, and that is just what you need today. You must be honest, clean living, right thinking. You will not be worth much without these, and back of these we must have the sanity and common sense. We must not blindly refuse to recognize wrongs that exist.

"Now gentlemen," he continued, "we have heard during the past year of frightful inequalities of business life and moral delinquencies in private life." At this point a severe shower came over and after the President had donned a rubber cape, saying he was sorry for the women, but ashamed of the men present, he continued his speech.

"Let us to try to remove the causes of the wrongdoing," he continued, "but not to cultivate a spirit of rancorous hatred which will most surely come back on ourselves. Do not ever get into the frame of mind to which, under great provocation, Abraham Lincoln refused to yield. Do not hesitate to visit punishment where it must be inflicted for the good of others, but do not inflict punishment vindictively. There is enough wrong to fight. Cut it out.

"The nagain, there is enough wrong done by men of large means and enough wrong done by men of small means. If a man has a twisted morality he will show that twisted morality wherever he may be."

### RAIN STOPS.

At this point the rain ceased and the President congratulated those who had stayed. He then referred to the work of this Congress in the direction of federal control over business. "We have accomplished a fair amount, because we have not tried too much" said he, "and because we approached it without rancor."

### BEGINS TO RAIN.

While the President was in the middle of his speech it began to rain. The President's face lit up. He appeared to enjoy the rain. A secret service man drew a long rubber cape over his shoulders and he turned to his audience, numbering more than one thousand men, women and children, and said:

"Men, I am ashamed of you because you are agrald you will get wet; but ladies, I feel sorry for you."

After the temporary confusion caused by the raising of umbrellas had passed the President plunged again into his remarks. He talked on with his head uncovered and the rain pouring on him for fully ten minutes. The shower then ceased temporarily and he doffed his rubber cape.

### PRESIDENT DRENCHED.

Hardly had he done so than the rain began to fall again. The President was engrossed in his remarks and disregarded his rubber cape entirely thereafter. When he had concluded his speech he was drenched through and through.

Locust Grove, where the exercises were held, is three quarters of a mile from the village and no shelter was in sight. As the rain came suddenly there was nothing to do but to stay and get wet and the audience good naturedly remained.

# ROBBER ROUTED

## James Webster, Held Up by Footpad, Puts Him to Flight.

James Webster, residing at 1030 San Pablo avenue, reported to the police this morning that while he was on his way home last night, shortly before midnight, a man whom he had met a short time before in a saloon, assaulted and attempted to rob him at the corner of Twenty-fourth and Myrtle streets. Webster informed the police that he had met the would-be robber and a companion in Jacobs' saloon, at San Pablo avenue and Twenty-sixth street, and that he had had several drinks with the pair. In paying his share of the score he was incautious enough to display $70 which he had in his pocket.

On leaving the saloon he started home and at Twenty-fourth and Myrtle streets he was accosted by one of the men with whom he had been drinking, who asked for the loan of a dollar. As Webster took his purse from his pocket to get the money, the man sprang upon him and attempted to tear the pocket book from his hand.

Webster, however, gave battle to the thug, and according to his own story managed to beat the man off and make his escape, also saving his money. He at once went home and this morning reported the attempted robbery to the police.

### FEW INJURIES FROM FIREWORKS

The five departments of the superior court, the sheriff's office and all county offices in the hall of records were closed today. The receiving hospital was, as usual, open for business, but up to noon not a case was reported, which would have to do with the Fourth of July celebration. The small boy, who usually puts in an appearance with powder burns or other minor hurts, was conspicuous because of his absence.

Those unhappy persons who suffer from nervousness and dyspepsia should use Carter's Little Nerve Pills which are made expressly for sleepless, nervous, dyspeptic sufferers. Price 25 cents.

### MADE "MUCH ADO ABOUT NOTHING"

Three alarms of fire were turned in last night for a blaze in a chicken house at San Pablo avenue and Sixty-third street. The first alarm was turned in at 7:15 p. m., followed closely by the others from different boxes.

The hen house was destroyed.

### KANSAS POPULISTS ARE IN CONVENTION

TOPEKA, Kan., July 4.—When the Populist State convention was called to order her today the principal fight in sight was that as to whether or not the party should name a full state ticket. At a caucus of the leaders last night it was decided to at least recommend that the convention make no endorsement of any ticket as a whole.

### OAKLANDER CHARGED WITH EMBLEZZLEMENT

James B. Nairne, formerly a well known printer of this city, was arrested yesterday in San Jose on a warrant charging him with misdemeanor embezzlement. The complaint was sworn to by Josiah Garrett of this city. Nairne was released on bonds. The details of the case have not yet been given out.

### CYCLISTS RUN DOWN BY ELECTRIC CAR

LOS ANGELES, July 4.—Henry Volk, 18 years old, and Henry McGregor, 21 years old, while riding on a tandem motor cycle today en route to Redlands, were run down by a Pasadena car at Daly and Main streets and were crashed against a telephone pole. Both men were seriously injured and rendered unconscious by the impact. Volk has a possible fractured skull and McGregor sustained a fractured leg.

# SKIN DISEASES

## FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acrid matter is forced to the surface through the pores and glands. Pustules are formed, discharging a sticky fluid which dries and makes a crust causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely.

# CASTELLANE IS ACCUSED

## Political Opponents Say Count Is Employing Bribery.

NEW YORK, July 4.—A Paris dispatch to the Herald, giving an account of the invalidation of the election to the French Chamber of Deputies of Count Boni de Castellane as a deputy for Castellane in the Basses Alpes, says that the commission to which the election was referred recommended a validation, but M. Regnier demanded a public debate and declared the Count de Castellane had the reputation of sowing money broadcast, in support of which statement he produced several attestations made by electors.

M. Regnier alleged that the count had introduced a new system of corruption and sent postal orders to the home of electors, and under such conditions it was difficult to obtain evidence of bribery.

In conclusion M. Regnier alleged clerical interference and a campaign of false news.

### MRS. FRED STOLP IN CRITICAL CONDITION

It is feared that Mrs Fred Stolp, who underwent an operation at Providence Hospital a few days ago, will not recover. Her physicians announce that she is in a most critical condition

# AUTOMOBILES THE TARGETS

## Celebrants in Chicago Throw Giant Crackers At Them.

CHICAGO, July 4. — The cannon cracker and its powder relations began the celebration of the Fourth of July at an early hour last night. In all sections of the city, especially in the downtown districts of the city, the rattle of "artillery" was incessant with little or no check put upon it by the police.

Occasional arrests were made here and there, but thousands of blasts from cannon crackers were heard down town until an early morning hour.

A large number of the cannon cracker zealots in the downtown district matched their enthusiasm against that of speeding automobilists, and shied their powder magazines under the wheels of the big cars which whizzed along the boulevards in disregard to the law.

Some of the speeding lawbreaking motorists expressed great indignation at the lawless "patriots" who lined the streets.

The hospitals were prepared for a land office business from injuries from fireworks today. The list of anti-Fourth injuries was increased by four names last night.

### DESCRIBES MEETING OF FIFTY YEARS AGO

ITHACA, N. Y., July 4.—The closing session of the American Association for the Advancement of Science was held yesterday in Barnes Hall. Dr. Andrew D. White, former president of Cornell University, described his first attendance at a meeting of the association fifty years ago, in the summer of 1856 at Albany, N. Y. The occasion was the opening of the Dudley Observatory and was a general glorification of science. Such eminent men as Agassiz, Everett, Bancroft, Henry and Beard were the speakers.

Dr. White said that when he was at Yale there was not a single student in his class of 109 members who had the slightest aspiration in a scientific direction. The whole scientific apparatus of Yale in those days could be contained now in one of the smallest recitation rooms at Cornell. Afterward, when as professor at the University of Michigan, Dr. White said he found that all the apparatus in the department of physics there could be put in an ordinary wardrobe. He told of changes which have occurred since those days and congratulated the association on the bright outlook for science.

### HALL B. RAND CARRIES GUN WITH RECORD

Captain Hall B. Rand is carrying a gun today bearing this label: "This gun was carried in the war of the Revolution by Sergeant Rand, grandfather of H. B. Rand, of Oakland, and his voice was heard in the cause of liberty in the battles of Bunker Hill, Saratoga and Bennington. Bunker Hill, June 17, 1775."

Captain Hall called at THE TRIBUNE office today in order to show the interesting old relic, and subsequently took a position on Eighth street, where he gave a salute from the old time relic.

# THREATEN A TIE-UP

## Nine Men in Chicago May Put Complete Stop to Shipping.

CHICAGO, July 4.—Nine men threaten to tie up the shipping interests of this port and it is said that unless they can be pacified within the next forty-eight hours, it is probable that not a single vessel may be able to move out of the Chicago river. This will be due to the fact that it may become impossible to swing many of the bridges that are operated by electricity. The nine men are members of the electrical workers union. Their pay has been cut down.

Business Agent Charles Bloomfield of the Electrical Workers' Union, served notice on the city yesterday that the time had expired wherein his organization insisted that the old rule of double time for overtime should be recognized by the city and the communication, which went to the city, gave notice that unless the old rule was immediately restored every electrician employed by the city would quit work. This means that not only the bridge electricians, but those who take care of the lighting plants, will quit, thus placing the city in darkness.

Prior to January 1, of this year, the men were paid double wages for overtime. After that the officials of the city cut it down to time and one-half.

# CELEBRATING AT IDORA PARK

## Parishioners of St. Mary's Are Observing Day In Fitting Manner.

The parishioners of St. Mary's are celebrating the national day at Idora Park with appropriate and pleasing exercises. The attendance is very large, and every one present pronounces it an unusually successful affair. The oration of the day was delivered by Father Dempsey, who held the attention of all by an eloquent and patriotic discourse. The luncheon under the care of the Ladies' Aid Society was generously patronized, which is the more pleasing, as the proceeds go to charity. The young ladies of the C. M. Sedality have attracted hosts of customers to their tea booth and the weather is warm enough to draw throngs to the lemonade and soda water concession, presided over by Mrs M Jones and her assistants.

A brass band and a select orchestra played during the day and will also be heard tonight, when a display of fireworks will be given. This display is the only one to be given on either side of the bay, and it has been planned to make it the finest ever seen in Oakland.

### LINER ARRIVES IN DISABLED CONDITION

NEW YORK, July 4.—The Fabre liner steamer America, which sailed from Marseilles June 3, via St. Michaels, Azores, June 11, for New York, and for whose safety considerable anxiety has been felt, as she was twelve days overdue, was reported as arriving at Bermuda today in tow of a steamer supposed to be the Dunnamare, from Cirgenti. The America's machinery was disabled.

### CHILDREN BITTEN BY DOGS IN BERKELEY

BERKELEY, July 4.—The hot summer days have had a bad effect on the dogs of Berkeley. In the past two days four cases of dogs biting little children have been reported to the police. Late yesterday afternoon Diz Newell reported to Marshal Vollmer that a dog belonging to his employer, a man by the name of Hadlen, bit his little girl, and asks that the police shoot the animal. Hadlen affirms that he would be very glad to get rid of the dog, but that the animal belongs to his wife's father, who resides at 1129 Bancroft. It is likely that some civil action will be taken in the matter.

### SON GOES INSANE AND ATTACKS MOTHER

FRUITVALE, July 4.—In a fit of insanity yesterday Paul Martuell attempted to injure his mother. Mrs. Martuell and her son have been residing on Walter avenue. This morning he became suddenly violent, and seizing a large bread knife he rushed upon his mother. The woman was able to avoid his attempt to injure her with the knife and fled from the house. She notified Constable Tom Carrol, who hastened to the Martuell home and placed the man under arrest. Martuell has been taken to the insanity ward at the receiving hospital in Oakland to await the action of the lunacy commission.

In San Francisco the Martuells lived at 716 Filbert street.

### DIVORCED CHURCH WORKER WEDS AGAIN

Undaunted by his domestic troubles, which sometime ago brought him into the limelight of the divorce court, Walter M. Bird, formerly president of the Christian Endeavor Union of Alameda county, yesterday again embarked on the sea of matrimony. He secured a marriage license here to wed Mary Jane White, whose age at the county clerk's office was given as 31. Bird gave his age as 34 years.

Bird was divorced from his first wife on statutory grounds. Her final decree was granted only a few months ago. Since then he has taken little part in the work of the Endeavor Union.

### RESERVES DECISION IN THEATRICAL CASE

NEW YORK, July 4. — Supreme Court Justice Blanchard reserved decision yesterday on the question as to whether a permanent injunction shall issue to Frank Melville, a vaudeville manager, restraining the United Booking Offices of America from alleged interference with his business.

The concern is the booking agent of the Keith-Proctor Amusement Company. It has a circuit including 186 houses, while Melville manages houses in Albany, Syracuse and several other cities. A production of which J. A. Moross was manager was booked for Melville's circuit. Moross, it is alleged, broke his contract, which was for only two weeks, when informed, it is said, that he would have to decide between Melville and the United Booking Offices of America.

It was urged in support of the injunction that this was a conspiracy to bar out the trust theaters all productions placed in independent theaters. Opposing counsel denied these charges and declared that inasmuch as the contract provided for Sunday performances it was void.

There is no one article in the line of medicines that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Smart Weed and Belladonna Backache Plasters.

# To Mongrels, Tyrants, Slaves and Freemen

*I dropped in to inquire how the slaves in your community are getting on these days, and what is being done to support the children of the citizens murdered by the members of the labor trust.*

These fatherless children number into several thousand now, and the trust adds quite a few each year, you know. "Don't let's talk about it," someone says.

Lately there has been a decrease in violence owing to public opinion, but the assaults and murders may be expected again when new strikes are inaugurated.

Of course, it's easy to be a coward and shut the eyes, turn a deaf ear, and preserve a "discreet silence" so you won't get the lash and bludgeon of the trust on your own back or invite its "influence" to ruin your business or political chances.

Those are the threats the labor unions hold over the people, you know. But if you could be in the little barely furnished home of the workingman who left the wife and babies in the morning to try and earn a little to feed them, and see the despair of the stricken wife and the pleading children when the bruised and bleeding body of the father was brought in at night, the fruit of the "entertainment committee" of the labor trust, perhaps your inherent humanity might awake and give you a fair look at the appalling slavery all about us—slavery of American free born whites.

Within a moderately short time upwards of twenty thousand of these have been brutally beaten, generally until unconscious, sometimes acid poured down the throat, eyes gouged out, fingers cut off (to prevent further work,) bodies thrown into the water, thrust into red hot furnaces, pushed off buildings, and others placed, while unconscious, on railway tracks for complete "finish of the job." Shooting and clubbing of these poor victims is so common that frequently no mention is made in the papers, for the readers are so used to such items that they cease to have "news value." Is this indictment true? Don't ask the writer for authority, but simply turn to the daily record for the facts.

It seems that the struggle of our still living fellowmen seeking to earn bread for their little ones, in the face of the danger to life and limb from the labor trust, excites a sort of lukewarm sympathy among the "better classes," but I am led to inquire how the American people can steel their hearts against the mute appeals of the little children of these murdered fathers, and the widows left to battle alone for their support. Why God permits such things, and how severe will be the punishment for our apathy, He alone knows.

Some readers of this, living in luxury, only know of the misery of their fellow human beings by an occasional cry that escapes, and they never have a close look at the damnable steel manacles cruelly locked on the hands of the common man and his wife and children. But you cannot and must not refuse to help with moral support, at least, your fellows now struggling for relief from the strangling grip of this rapidly grown creature, the tyrannous labor trust. Examine it carefully, head, body, legs and feet. In localities where it has full sway and complete control, the workmen must join the trust and pay fees each month to support the rulers, or they are not allowed to work and support their families. That starts the slavery. Then perhaps a fine of $10 to $100 is put upon the slave, for some past independence, or present infraction of trust "rules." He is ordered to quit work at command. To quit trading at his grocery, meat shop, or other store where he has credit. In many cases the grocer or butcher is "ordered" not to supply food to certain citizens. Other citizens are "ordered" not to buy the favorite hat, shoes, or clothes, because they do not bear the trust trademark, the "union label."

You mustn't read your newspaper for it prints some truths not exactly favorable to the labor trust.

You are ordered not to have your horse shod at your blacksmith's for he uses nails made in an independent shop.

You mustn't ride on the street cars for the labor trust expects to break the windows and tip the mover.

You are instructed not to have your printing done in any independent shop.

Your public officers are threatened if they award public printing to the lowest bidder if he happens to be under the ban of the "unions."

Some newspapers are so completely tied up by their union printers, stereotypers and pressmen, that they dare not print facts and news not in sympathy with the "unions."

The common man who works to support his family and refuses to slave for the labor leaders is liable to be beaten unconscious and have his little home and family dynamited.

The public officer who endeavors to maintain peace and support the laws is threatened, and where the trust is strong enough the citizen is not allowed to paint his house, fix his water pipe, lay brick, mix mortar, play in orchestra, clerk in a store, dig trenches, wait on table, drive teams, deliver milk, or work as machinist, blacksmith, moulder, carpenter, painter, typesetter, pressman, cigarmaker, paperhanger, or do any other form of work without permission of the labor trust and paying money to support its leaders. Observe, I say "where the trust is strong enough" and it is daily striving to get "strong enough" in places where it is yet too weak to rule. It even has a hod carriers union and a "horse leaders" union to federate with other slaves among the unionized doctors and grand opera singers. The punishment of refractory members or citizens who dare assert their personal rights includes attacks on funeral processions, and at times the hearse is overturned and the poor dead body of a loved mother or child thrown cruelly into the street, and the sorrowing mourners viciously attacked and driven from the solemn rites conducted for their loved ones in the last and final farewell.

These are a few of the many indignities and tyrannies heaped upon the common American citizen in this present day slavery of the labor trust, a slavery more wide-spread and irksome, with more assaults upon citizens, more oppression, more property destroyed, and more murders committed than during the period of negro slavery, which so aroused the human sympathy of a great people, that in the settlement of the question millions of lives and hundreds of millions of property were sacrificed.

All that to free the African while the latter-day slavery manacles the hands of the white free-born American.

Think of the condition under which thousands of our citizens are forced, against their will, to pay money to join the unions, and to obey blindly the orders of the leaders to stop work when told, helpless to earn the little money needed by wife and children for food, clothing and fuel, helpless to maintain their manhood and self-respect, bowing and crushed until the suicides caused by utter despair, has mounted up to an appalling list.

Why don't the people rise in their might and free themselves from this monster, someone inquires?

Let us look at the facts and see. Some years ago there arose a God-given inspiration for the wage earner to better his condition, and the sympathy of the whole people went out towards the movement. Organization, to mass power seemed requisite and trade unions came into being, their early motives being pure. They must have leaders, improvements began to appear in better sanitary conditions, better hours and better wages. Then the leaders began to demand large salaries and finally to wring "graft" from the members and from employers. Then appeared the intoxication of power; the leader found that his slightest word must be obeyed, and in order to enforce it he must rule by terrorism and absolute slavery methods. Money in great sums must be raised and the procedure seemed simple. Hire agitators and organizers on a commission basis. Send an organizer into any district even where workmen are well paid and contented. Seek out a few hot heads and wild talking individuals, easy to find in any community. Join them in a meeting, make some inflammatory speeches, tell them how they are abused, and that "labor creates all wealth and therefore must take it all." Urge them to make other workmen dissatisfied, and in a few days a nucleus is formed like a small snowball which only needs a little rolling to grow rapidly. Then mass these discontents and march to a factory and call on the workmen to drop their tools, join "the union," and go on strike.

Some steady heads demur and say they have good positions and good pay. Waylay such a man on his way home, argue and "persuade" him to join the union and strike. Call him "scab" is he refuses, hoot and jeer at him, throw a few stones and get some boys to chase and harass him. Have a crowd call on his grocer and tell him he will be boycotted if he furnishes "that scab" any goods; same to the clothier, butcher and coal man. Notify his friends not to associate with him, instruct the children to chase his and terrorize them going and coming from school. Notify his employer that all other workmen will quit and boycott his goods if he don't discharge "that scab." About that time this martyr begins to feel that it is a terrible price to pay for his standing up for the freedom and liberty guaranteed him by the constitution of his fathers and his right to independent action and unless he be the one bravest man out of a hundred brave men he will yield and bow his neck to the yoke of the labor trust, an absolute slave crushed and helpless. From that time he is subject to "orders" he dare not disobey, while occasional fines of from $10.00 to $100.00 are assessed against him by "the union" to "punish" him and incidentally fatten the pocketbooks of the leaders.

Thousands and tens of thousands of high grade American workmen are in that condition of helpless slavery today, and they curse, but bow.

Give them a chance and they would free themselves, but the skilful organization set up and ruled by the paid leaders is powerful enough to keep them properly "tamed."

Thus we see a movement started with high and noble purpose, drifted into the hands of designing men who, having discovered the volume of power put in their hands, use it for personal ends, talking loud about the "wrongs of labor," etc., etc., while fastening the chains tighter and tighter on the arms of that labor.

They quickly discover the necessity of forcing all workmen to join the trust so the leaders can secure the monthly contributions and also govern them. So, to bring this about, we see the most aggravated forms of oppression and tyranny; daily pressure and annoyance is applied by one workman to the independent man at his side and the indignities of various kinds are numberless and variegated. Persistent and long continued harassing generally drives the independent man to pay the fees and join the union to relieve himself and family from the daily attacks. Then he often finds that he has jumped from the frying pan into the fire.

This labor trust is one of the most serious menaces to our country and its people, for its leaders, seeking greater and greater control of the masses, are pushing towards a position where they hope to be able to name the members of State Legislature, and Congress and, carried far enough, it can easily be seen they would expect to elect trust members from President of the U. S. on down through all the offices. Such control would mean that the trust members fatten off the people, who are not members of the unions, and, from past experience, life would not be worth living nor could the common man hope to own and protect his little home, in peace. This is no fancy picture, but the conditions are being pressed and fought for by the labor trust right here and now.

There are literally thousands of splendid men, members of unions, who heartily but silently denounce the acts of the anarchists and trouble breeders in the unions. But what can they do? I have seen some of the most earnest letters from such union men to newspapers appealing to the public to hear of their slavery, but when asked if they would allow the letters printed over their names, decline for fear of the certain punishment that would be put upon them by the trust leaders.

One sample will illustrate. Otto C. Heggen, of Des Moines, Iowa, a naturalized citizen of Norwegian nativity, testifies in this connection:

"Why do I wish to no longer be a citizen?" he repeated, speaking in slow and labored English, with the unmistakable Norwegian accent. "Because this is no longer a free country. An honest man who wants to work and support his family must pay tax to the union. I had a good job at the Bloomfield mine as blacksmith. Then the miners organized their union, and they said I must pay tax to them or else quit my job.

"I believe in freedom. That is why I left the dear old fatherland. I thought that here in America I would have greater rights and that my children and my children's children would have a better chance, but instead we must take our hard-earned dollars and pour them into the union. If they make a strike, as they do so much, I must quit work, no matter if I am content with everything Maybe I must fight and get killed."

It behooves every free workman who hopes to preserve his right to work and support his family, who hopes to hold and save his home and other property, every union man who hopes to escape further tyranny, every merchant who hopes to escape the sudden boycott, every farmer who hopes to postpone the day when with wheat or other crops overripe and spoiling he is confronted with a strike and his farm picketed, horses, cows, family and property threatened, and the usual labor trust warfare set up against him, and it behooves every patriotic citizen, who hopes to keep the industries in his community moving and the people dependent upon them supplied with the necessities of life, to join with every other citizen for protection to common interest.

Let every candidate for office be watched, and if, when "questioned" by the labor trust, he agrees to represent that trust and its measures in opposition to the measures of the people, remember him.

The man who goes into office pledged to any man, corporation, organization, or trust, is lined up against the people. The beef trust congressman or one representing the oil, railroad or labor trust must work for the trust that put him there, and whatever advantage a trust gains in the making or execution of laws must be an advantage gained at the expense of the common citizen.

There is no other way for the trusts to fatten and thrive except upon the people outside the trust. The labor trust tries to pass laws to prevent anyone buying labor except from members of the labor unions, and at any price the trust may have power to name. This trust does not ask congress to pass a law to prevent employers or common citizens from assaulting or murdering labor union members or blowing up their houses.

Such a law is not necessary to the trust, but it does seek with all its power to force a law through Congress, called the Anti-Injunction law, to tie the hands of the courts, so they cannot issue "restraining orders" or "injunctions" which would have the effect of "restraining" union men from assaulting citizens or blowing up houses or property.

Is it not plain they want to be left free to do those things?

Think for one moment of the audacity and desperate lengths to which the labor trust leaders will go to terrorize and force the public to "obey." What foreign squad of bandits would dare ask for laws to protect them in their raids on the people? No man is safe and no family protected with such riot and anarchy rampant in our midst.

The public man who will sell himself to any trust interest and betray the people richly deserves the certain defeat he will encounter at the polls when his sentiments become known.

Demand of your candidate a statement that he will stand to represent the whole people and not simply the few members of any trust or organization. Just so sure as a public man bows to the labor trust and agrees to do its will, just so sure he deserts the people and joins the aliens working to extract extra gain from the public. He must be looked at for exactly what he is and the people must elect their own candidates and not trust candidates if they care to preserve sacred their freedom and peace.

The whole people want things done and are the great majority. The labor trust perhaps numbers two million with a great part of that number unwilling, and the remaining seventy-eight million of the common people have something to say when their interests are at stake.

Now notice how the labor leaders try to force the union men to be aliens and oppose the citizens whenever a question of public interst arises:

A town starts to build a court house and give work to its citizens who spend their money there but are not members of the labor trust; immediately the trust demands all the work and that it be taken away from the anti-trust citizens. A riot breaks out and the labor trust seeks to destroy the court house and force the people to go into their pockets and pay the losses. The peace officers of the people, in their pay, seek to preserve the peace and save the property; immediately the unions "protest" and exert every means in their power to prevent the officers from protecting the people and their property.

This same policy crops out in every effort of the community to protect itself and the common people from the oppression of the labor trust. The leaders oppose the police, oppose the militia, the courts, laws, manual training schools, education of apprentices and every other act or movement that benefits the people but curbs the lawless license and stays the oppressive hand of that trust.

This and preceding newspaper announcements from my pen regarding the labor trust and suggesting remedies are paid for from the proceeds of the business of making Postum Food Coffee and Grape Nuts.

The labor trust (not our own workmen) has conducted a long and persistent war of boycott and impudent tyranny in an expressed determination to ruin that business, because we declined to withdraw our advertising from papers when ordered to by the labor trust in their efforts to "break up" such papers. We refused to join these conspiracies and steadfastly maintained our right to be free American citizens, and not slaves. But hell hath no fury like that of the labor trust when its "orders" are not obeyed, and the depths of trickery, boycott lying, and all the black pools of labor union vengeance have been searched for means to ruin us, which might have been effective but for the magnificent rally to our support by the great American public, whose members will not, when they know it, tolerate such trust oppression and prefer to actively rebuke it by buying our products. These malicious acts of the labor trust roused us to the dangerous condition in which the people are placed by the labor unions, and we took up the campaign for freedom. It has been a public work in the interests of humanity, trying to rouse the people to act for their own protection.

The Postum Co. owns space in nearly every prominent paper in America and has a right to use that space for its public announcements of which this is one.

Such papers must naturally publish paid-for advertisements under contract, no matter how the labor trust may object to having the facts made public.

This article you are now reading has been sent to practically every prominent paper in America with offer to pay our regular rates for its insertion. It has not been sent to the "yellow" journals, for they are open enemies of the citizens of any community who will not bow to the labor trust, and we cannot bring ourselves to pay money to support anarchy and murder breeders.

A few papers to whom it has been offered will refuse to run it.

They fear the labor trust.

They publish free, day by day, articles flattering to that trust.

They willfully "kill" any news detrimental to the trust, smother the items of violence and lawlessness, and lick the boots of the labor leaders no matter how dirty they are or how much the publisher inwardly hates himself for his prostitution.

Such papers are the most poisonous enemies of the common people.

They pander to the oranized few, the two million trust members, and are too cowardly to speak for the 78 million citizens, because the latter are generally unorganized and do not have committees to "protest" to the publisher. But it is high time for the people to take action regarding these cowardly and misleading papers. The citizens want all the facts spread before them, so they can reach an intelligent conclusion on these subjects, and the papers that suppress one set of facts and, through fear of a trust, make public only the prejudiced statements of that trust, should be known, and they can be known. Every reader of this article is urged to purchase one or more prominent morning papers of July 4th and afternoon papers of the day before. In smaller cities with no paper on the 4th buy the issue of the 3rd. If anyone of these papers does not contain this article, you can know it as one of the "smooth enemies" of the people. Suppose you write the publisher and ask him why he fears to allow the cause of the citizen to be presented in his columns and why he allies himself on the side of the trust and against the masses? Push them to go on record and then act your pleasure. Excuses will not excuse. A paper is either for the interests of the people or it is under control of the labor or some other trust. Find out and this is a sure way.

Then let the advertisers ask the publisher of that paper why he fears to stand out frankly for the citizens and the good of the community. Why he panders to a trust seeking in every way to dominate business, politics and the entire social machinery.

Let any man become prominent in endeavoring to preserve the peace when labor trust riots are in progress and that man's business will be boycotted and he ruined if possible. All business is menaced. Every peace-loving, property-owning citizen must act or this growth towards anarchy and the destruction of property and personal liberty will grow until the burden cannot be moved and the trust magnates can force their will without limit.

To boil this down—

Demand of your candidates that they represent, as Bishop McCabe says, the 100 per cent. of the people and not the 10 per cent. made up from some organization. The people can elect the free man sure if they let the facts be known.

Next, don't fail to go individually or in a body to demand of the newspaper that wants your patronage, that it print as much matter in the interests of the free citizens as it does of the "proceedings" and favorable comment on the labor trust. Then ask the advertisers in the papers afraid to publish this article why they support a sheet of that character.

Do these things and you will discover you have the power to preserve your own personal liberty, the freedom of your townsmen and the continued prosperity of your community. But you must act.

Real genuine slavery is here with its grip on our people. We see the same fear in denouncing it as existed among the people in the days of Negro slavery. The cowardice of politicians and press, fearing to stand upon the God-given principles of human liberty, fearing for votes and patronage. But they have temporized and compromised too long and history repeats itself. Whenever in the affairs of a nation one class enslaves another, fear always begets cowardice. Then there is attempt to compromise with the wrong, and that sin of compromise is such a crime against the eternal principle of human liberty that it brings increased tyranny, oppression and misery by the spread of that slavery. It was so before the civil war—it is so now. Every day sees new victims. American citizens marooned, impressed and subjected to the slavery of the labor trust. These victims frequently struggle to free themselves. If they fight hard enough they may succeed but many cannot. Will you stand idly by and see this wrong go on? Please read this article over again and carefully get the facts clearly in your mind, and then as you value your native land and the freedom of your person and children, ACT. Demand of your newspaper that it stand for the common people and demand of your candidate for public office that he represent the interest of the masses, the great unorganized majority with their needs and rights, and not the selfish interests of any organization made up of the few to prey off the many.

Extend to men the right to organize with capital or labor or both for protection and betterment. But when acts of tyranny, oppression and slavery are committed and the slightest attempt made to rob you or your fellows of the right to work, the right to buy and sell or to exercise your freedom and liberty in any manner given under our constitution, yield not one fraction of it. Make your battle then and there. A day of contest with the black spirit of tyranny right on the start is better than months or years of slavery, with the certainty of extermination or a long and bitter war with that spirit, fattened and strengthened by the loot of long feeding.

It is a most serious matter where even one American brother has been robbed of his liberty and freedom, what then shall we do when confronted with the abuse and oppression of thousands of our own people. It is time for some of you to search out your too long hidden flag and, in contemplation, send your minds back to the time when the old sires marched and toiled, until tyrants bullets cut the arteries and stripes of red washed across the white banner, then in a field of blue were set the stars, with as high a purpose as the magnificent machinery of the planets, set by that same God in the royal purple of his heaven. Those old grandfathers were sent out by the impulses of the Infinite Father to win back the lost crown of human liberty, the best gift to his children.

With it came to us a noble flag to be ever held as a symbol and reminder of that crown so dearly won back after having been lost by apathy, cowardice and compromise with the eternal principles

That old flag bears a message to us from our grandfathers, and stronger still from the Infinite Father who inspired them. In solemn tones it demands that we stand together now and always whenever one single American son be threatened with the loss of his blood-bought inheritance, his personal liberty.

We may shirk, offer excuse, hesitate, pander, and prevaricate, but the eternal God of Justice who moulded that crown of liberty will exact a point of punishment for each and every point of cowardice shrinking from the prompt and uncompromising defense of the heritage.

Slavery is rampant in our midst, and pleading voices vibrate about the closed ears and hidden heads of Mongrels, Tyrants, Slaves and Freemen and will not be still. Those spirit voices of dead fathers and the cries of their helpless children blend with the message woven through the old banner of our sires, and call, and call, and call. God help the helpless when Americans become blunted and stupefied with indifference.

# BOOMING OF NEW CHARTER BY CAMPAIGN COMMITTEES

## Alamedans Are to Vote on July 18th For or Against Change in Government.

ALAMEDA, July 4.—The campaign committees appointed by the various improvement associations of this city are now working diligently in the interests of the proposed new charter, which is to be voted on by the electors of this city on Wednesday, July 18th. Campaign literature is being prepared and will be distributed among the voters of this city. It is expected that the vote cast at the charter election will be the largest ever polled at any election in this city.

The new charter, if passed, will bring about many changes in the city government, principally in the executive departments. It is claimed by its framers, however, that these changes will not increase the expenses of government. One new salaried official is added, an auditor. But he is also to act as ex-officio assessor, and hitherto there has been a paid assessor.

CITY COUNCIL.

Instead of the board of trustees, which is now composed of five members, elected without respect to district, a city council would be elected under the new charter. The council would be composed of nine members, seven of whom would be nominated by the electors of their respective wards and two by the electors at large. The entire nine would be elected by a vote of the electors at large. All nominations would be made without respect to party politics.

There would be a mayor under the new charter to be nominated and elected by the voters at large. The mayor would receive only a nominal sum each year for the expenses of his office. The appointment of heads of departments would be about equally distributed between the mayor and the city council.

The mayor would make the following appointments, city engineer, five members of the board of education, three fire and police commissioners, and three members of the department of electricity.

The council would appoint: City clerk, city attorney, superintendent of streets, five members of the board of health and five members of the board of library trustees.

Those who would be elected by the electors at large would be: Mayor, nine councilmen, city treasurer, city auditor and police judge.

At the present time the board of trustees appoints the superintendent of streets, the officials of the municipal electric light plant, the fire chief and the five library trustees.

Those who are elected by the voters are: Five trustees, five members of the board of education, city clerk, city treasurer, city attorney, city justice and chief of police.

POLICE COMMISSION.

Under the new charter, the chief of police would be chosen by a commission and the entire police department be under the jurisdiction of this commission. The municipal electric light plant would also be put under the direction of the department of electricity.

The initiative and referendum are woven into the charter to their fullest extent. The government would be virtually placed in the hands of the people. All important ordinances would have to be passed on by the electors. Legislation could be introduced and controlled by the people.

The new charter provides that the state legislature could never alter it and it also provides that the boundaries of Alameda could only be changed by a vote of her people.

# JUMPED TO QUICK DEATH

## To Avoid Apparent Danger, Engineer Leaps and Loses Life.

NEW YORK, July 4.—Jumping from his locomotive to save himself from death in what he regarded as an inevitable collision with a trolley car stalled across the railroad tracks ahead of him, Edward Harrin, an engineer on the New York Central railroad, was killed instantly last night at a crossing in Yonkers. His jump, with its penalty of death, was unnecessary, for there was no collision. The motorman backed the trolley car off the rails in the nick of time, tearing away the safety gates in doing so.

# MRS. FERREIRA AT HOSPITAL

## Hayward Woman Who Was Missing Found With Fractured Skull.

Mary Ferreira, the wife of Antone Ferreira, who mysteriously disappeared from her home in Hayward last Sunday evening, and for whom a search was instituted by her husband, was found yesterday morning at the county hospital suffering with a fractured skull. She had been at that institution since Sunday night in an unconscious condition.

The physicians and attendants at the hospital were unable to identify the patient until she regained consciousness and informed them that her name was Mary Ferreira. The woman is now at the Fabiola hospital in a precarious condition and the mystery that first shrouded her disappearance has been lifted only in so far as it explains how she was injured and how she came to the county hospital in an unconscious condition.

FELL FROM CAR.

Mrs. Ferreira last Sunday evening after leaving the Floures home, within a few blocks of her own, boarded a Hayward electric car and started for San Lorenzo. At San Lorenzo junction she fell from the car and in striking the ground fractured her skull. Not knowing who she was, the motorman and conductor of the car called for an ambulance and took the unconsious woman to the county hospital.

In the brief moment of her regaining her senses today she could not answer the questions put to her by her physician. Why she should have boarded a car for San Lorenzo when her own home was ony a short distance away is still puzzling her husband and friends. Nor is it at all clear to them or to the authorities how she came to fall from a car. The only rational explanation that can be deduced is that the woman was dazed from the time she left the home of her friends until she fell from the car.

No one is permitted to see her at the hospital, where Dr. W. W. Kergan is in constant attendance. Her recovery is doubtful.

## ROOSEVELT HELPS RIIS WITH FINE GYMNASIUM

NEW YORK, July 4.—When Jacob Riis' house in Henry street, on the East Side, which is now being renovated and enlarged at an expense of $25,000, reopens on October 27, it will have acquired a fine new gymnasium, built at an expense of $9000 by President Roosevelt's friends, and equipped and endowed by the pupils of half a dozen private schools. It will bear the president's name and will stand, Mr. Riis says, for "strong ideals of manhood and the square deal." It is being built in the backyard of the settlement, where the children of the neighborhood have played for years.

In the gymnasium will be placed a bronze tablet bearing the president's face and the motto which Mr. Riis has given him, "Beter Faithful Than Famous." The tablet will also bear the names of the schools that are to support the gymnasium.

The day set for the reopening of the settlement and the presentation of the gymnasium to the boys of the East Side is the president's birthday. President Potter and Mayor McClellan have promised to ass.st at the ceremony.

## Is Anxious For the Territory To Become One of the States.

CHICAGO, July 4.—A special to the Tribune from Tucson, Ariz., says:

President Roosevelt is so anxious for Arizona to become a state that he has written a personal letter to his old friend, Mark A. Rogers, urging the people to vote to be admitted with New Mexico. The president says that he believes if the present opportunity is not seized, it may be many years before the opportunity may he had again.

President Roosevelt's letter, which was received yesterday, reads:

"The White House,
"Washington, D. C., June 27.

"Dear Mark A. Rogers, secretary Arizona Statehood Association, Tucson, Ariz:

"My earnest hope is that the people of the territory of Arizona, in their wisdom, will decide to enter the unionas part of the great state of Arizona. No man can foretell what will happen in the future. But it is my belief that if the people of Arizona let this chance go by they will have to wait many years before the chance again offers itself, and even then it probably will be only on the present terms, that is, on the condition of being joined with New Mexico.

"If the people of Arizona come in now they will achieve what every self-respecting American ought to wish to achieve—that is, the right of self-government. If they refuse what is proffered them, and what in my opinion is proffered on the only proper and permissible terms, they condemn themselves to an indefinite continuance of a condition of tutelage.

"I have a peculiar affection for the

AFFECTION FOR ARIZONIANS.

people of the four territories, which under the act of congress I have just signed, now have the opportunity to enter as two states under our federal union. These territories are filled with men and women of the stamp for which I grew to feel so hearty a regard and respect during the years that I mysel flived and worked on the great plains and in the Rocky mountains.

"It was from these four territories that I raised the regiment with which I took part in the Cuban campaign. Assuredly under no circumstances, I would advise the people of these territories to do anything that I considered to be against either their moral or their material well being. I feel that for them now to refuse to come into the union as states, would be at the best mere folly.

"Very wisely the people of Oklahoma and Indian territory, and, I believe, the people of New Mexico also, have abandoned an attitude which forbade their thus assuming the great privileges and responsibilities of full American citizenship. I cannot express too heartily my hope that the people of Arizona, exercising their sober second thought, will come to look at the matter in the same light.

BOY DROWNED.

While bathing in the estuary in East Oakland yesterday evening Richard Burring, the seven-year-old son of Mr. and Mrs. Burring, residing, at 870 East Twelfth street, was drowned within sight of his companions.

The lads who were with young Burring saw him go under the water, but could do nothing to help him, the tide having carried him out beyond their depth. The body was later recovered by men who were summoned to the place by the companions of the lad.

A Modern Miracle.

"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. R. Hooper, Woodford, Tenn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched by her bedside forty-eight hours, when, at my urgent request, Dr. King's New Discovery was given her, with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." Guaranteed cure for coughs and colds. 50c and $1. at Osgood Bros., druggists, Seventh and Broadway and Twelfth and Washington. Trial bottle free.

## WATER STILL DOING DAMAGE AT CALEXICO

CALEXICO, Cal., July 4.—To date about twenty business houses and residences in the town of Mexicali have been destroyed by the water undermining the banks and the destruction of as many more is expected. Most of the buildings were adobes.

For the past two days the water has encroached on the town of Calexico, but so far only a frame building used as a blacksmith shop and a water tank has been washed away.

The Southern Pacific Railroad company is removing its rails in the yard here and tearing down the depot. The round house, water tank and pump house were moved several days ago. The office of the California Development Company, a large one-story building covering two acres of ground, has been abandoned and everything movable has been taken out. Merchants are packing their stocks and will commence moving their buildings tomorrow to the east side of the town. Just how long the present conditions will last is problematic but relief is not looked for until the water of the Colorado reaches its low stage, which may be three months yet.

## This Republic Is a Success.

"This country is a h—ll of a success," says Uncle Joe Cannon. Uncle Joe is right. His statement of the fact covers a breezy wholesomeness notwithstanding its blunt profanity. And in spite of some shortcomings, Uncle Joe is a h—ll of a success himself, a sound, hearty old cock of a fine breed and good fighting qualities—in short, a good American who has done his part in building up the country and shaping its destinies.

It is just as well to remember Uncle Joe Cannon's words on occasions like the Fourth of July. We hear so much about the degeneracy of the American people, the decay of moral principle, and the corroding of patriotism under the influence of commercialism these days that it is real good to hear some man declare with profane optimism the truth of the matter.

This country is a success—no half way, one-horse, Jim Crow success, but, as the Speaker of the House of Representatives asserts, a h—ll of a success. It is a success, practically, morally and materially. No country is doing better in any respect. No people are living better, wearing better clothes, or having a more gladsome time. Also, we are doing better every day in spite of the calamity howlers of politics and the Jeremiahs of the cheap magazines. We are having a general house cleaning, it is true, and have come across some very dirty spots, but we are giving them a good scrubbing and are turning the hose on the source of the bad smells in business and politics. Which shows that we are making a good job of cleaning up.

Nevertheless the nation at large is sound at heart and sane of mind. We have a fashion of washing our dirty linen in public and speaking out our minds about each other and things in general that leads foreigners to think we are an evil case indeed, but we are not half as bad as we ourselves think and not one-tenth as bad as our European cousins pretend to believe we are. The fact is we are grappling with political and social diseases which are as old as civilization and which are deeply rooted in Europe, and we are amending them by curing them outright. Much of the work of correction is experimental, but in spite of mistakes and occasional failures it is bringing about a great improvement.

This country is taking no backward steps. It is going forward all the time, and each year its inhabitants have more to be thankful for, more to be proud of. Let no mistake be made about that. While conditions are still far from ideal, they are steadily improving, so much so that when we look around and compare the United States with other countries we feel a sense of gratitude to Uncle Joe for saying ours is a h—ll of a success. The profanity is as excusable as the oaths George Washington swore at Monmouth. However, we can trust the Recording Angel to square that, while we go ahead and prove to the world that Uncle Joe is right.

The Calaveras Prospect affects to believe that President Wheeler's frequent absences from the State University are no detriment to the institution, and that his political activity is an advantage to the State. It says:

"We are of the opinion that Mr. Wheeler has the University so organized that the work goes on smoothly, even though he is absent. As to his interfering in political matters, it appears that the State is usually the gainer by the influence he wields. Just now we have an illustration of this in the appointment of Elmer Brown to the high office of Commissioner of Education. If we had a few more rustlers like President Wheeler, we might get more favors."

If the University "is so organized that the work goes on smoothly, even though he is absent," what is Dr. Wheeler paid $10,000 a year for? Does the Prospect think his "rustling" in politics is worth the money? He is credited with the appointment of Franklin K. Lane, but a great many Californians do not regard Mr. Lane's appointment as a particular favor to this State. However, if the Prospect believes President Wheeler's frequent absences are no detriment to the State University, why does it object to making the absence continuous?

The Grass Valley Union says Nathan Cole of Los Angeles, who has been mentioned as a probable Democratic candidate for Governor, should be able to make a fiery canvass. He might emit a few sparks during the campaign, but he would hardly do more than make a mark in the returns.

## General Otis Is Indignant.

The Los Angeles Herald, General Harrison Gray Otis's Democratic organ, fiercely rated the Republicans of San Bernardino, Riverside and Orange counties because they refused to turn down Congressman Smith at the bidding of General Otis. The Herald professes to be Democratic and is not published in Mr. Smith's district, but that does not figure in the case so far as the fuming war horse of the Herald-Times is concerned. Mr. Smith was so exceedingly reprehensible as to disobey the orders of General Otis, who commanded him to ignore the welfare and wishes of his Inyo county constituents under penalty of being branded in the general's double-ended newspaper as a liar and a horse thief. Mr. Smith's bump of obedience being sadly undeveloped, he did not heed the order from across the Rubicon, and hence is now getting his from both the warrior editor's journalistic barrels.

It seems that some of Mr. Smith's Inyo county constituents appealed to him to aid them in preventing the diversion of Owens river to Los Angeles. In response to this appeal, Mr. Smith requested the Secretary of the Interior to stay action on the application for a right of way till the protest of the Inyoites could be heard. To the ordinary mind, Mr. Smith was only asking the fair thing and doing his duty to his constituents. But General Harrison Gray Otis has no ordinary mind. It is peculiar in several respects, particularly in that it can discern neither honor nor decency in anything which fails to chime with the General's interests and prejudices. He is generally prejudiced in his own interest, and this prejudice colors any statement of fact he may make relative to the same.

The President cut the Gordian knot of the dispute by deciding that the greatest good to the greatest number would be conferred by letting Los Angeles have the water. This would satisfy almost any one save General Harrison Gray Otis, but that ferocious shedder of ink is not so easily placated as ordinary mortals. He fights till h—ll freezes over and then continues the battle on the ice. He is fiercest when the foe is deadest. He demands not only the waters of Owens river, but the head of Congressman Smith on a charger, and actually asks Mr. Smith's constituents to gratify him in this small matter, just for old acquaintance sake.

The indisposition to oblige General Otis manifested by the roundabout barbarians has provoked the General's Bourbon organ to stern rebuke. In cold, severe tones the offending constituents of Mr. Smith are reminded of the enormity of their conduct—their black ingratitude to their best friend and their brutal disregard of General Otis's sensitive feelings. They are guilty of lese majesty, the Herald says, in mingled sorrow and anger, and should be henceforth cut off General Otis's mailing list, spanked and sent supperless to bed.

But the unregenerate recalcitrants only give further proof of their hardihood by grinning at the General and hurrahing for Smith. If something very dreadful doesn't happen to them it will be strange indeed. Their conduct certainly verges on impiety.

Official and commercial bodies all over the country are making the welching insurance companies feel the weight of popular displeasure. As time goes on the reprobation will become so general that it will force many companies to abandon underwriting in this country, if not retire from business altogether. ### WHEN DEATH SHALL COME.

When death shall come (in spite of heart aflame
And wished-for morrows and new steps ahead
On toward the rivers and the morning red),
And I shall lie the shattered fool of fame,
Draw not the curtain down the casement frame
Past the dear trees; and let no prayer be said;
Nor holy wine be brought, nor holy bread,
To rob the pagan of his light and name.

But get me balsam where the west wind stirr'th,
And lay in odorous linen at my cheek,
That I may enter to the great Unknown
With old, familiar memories of earth
Of forest, brook, and bird, and mountain peak,
And the blue sky around them, zone o'er zone!
—William Ellery Leonard, in Boston Transcript.

### INCONSISTENT.

Science tells us we should live
At least a hundred years,
So throw your canes and props away
And cut out all your fears.
You are'nt old at sixty-five;
At four-score years be gay;
You've twenty more good years to draw—
At least that's what they say.

If you've an enemy—some one
You have not treated square—
And you have reached three-score and ten,
Oh, do not give a care.
You've thirty more good years in which
Your snares for him to set—
In which to bump him if you're smart,
So don't forgive him yet.

And do not give life's battle up
At all before your time;
At sixty you are just a kid—
At eighty in your prime.
At ninety you've a decade yet
In which to dare and do;
Put blacking on your whiskers,
And find a girl to woo.

Since scientists have told us
We should live a hundred years,
Throw down your cane and eke your crutch
And wipe your rheumy tears.
But scientists are puzzling chaps;
While their advice is flung
To us to live a hundred years
They all of them die young.

### TWO INQUESTS BY CORONER'S JURY

ALAMEDA, July 4.—An inquest was held yesterday into the sudden death of William Teichert, the aged expressman who fell dead while working at the borax plant in the West End. The verdict of the jury was that the man came to his death by acute dilation of the heart.

Teichert was a Grand Army man and his funeral will be held tomorrow in San Francisco, under the auspices of his post.

An inquest was also held into the death of Martin Kaney, who met death at his home in the West End by having a spike enter his body and causing internal injuries. The jury decided that Kaney came to his death accidentally, due to internal hemorrhages.

# DEATH OF AN OLD RESIDENT

## Charles Tremenere Johns, Well-Known Lawyer, Passes Away.

Charles Tremenere Johns, a well known resident of Oakland, died last night. He was born in England on November 20, 1835, and came to California in the fall of 1852.

For several years Mr. Johns engaged in mining in various portions of the Pacific Coast with his brother, the late William Johns of Alameda. While in the mining business Mr. Johns was severely injured by the premature explosion of a blast. After recovering from the injuries he took a course at Santa Clara College, and on graduating engaged in teaching and newspaper work.

Mr. Johns came to Oakland in 1875, and became principal of the Prescott school. In 1880 he entered Hastings' College of Law and graduated in 1883. Afterwards he was elected city attorney and served one term. He engaged in general law practice up to two years ago, when his health began to fail him and he was forced to retire.

Mr. Johns became critically ill of catarrh of the stomach a month ago. He went to St. Helena sanitarium, but receiving no benefit he returned to Oakland and went to Fabiola Hospital, where he died July 3, 1906, at six o'clock.

The deceased leaves two sons, Fred Johns, an attorney in the Bacon building, Herbert S. Johns, a student at Lick school in San Francisco, and a stepdaughter, Mrs. R. I. Hill Jr.

The funeral will be held Friday at 2:30 p. m. from Taylor's funeral parlors on Clay street.

## PATRIOTS TO FACE JUDGES TOMORROW

Fifty arrests for drunkenness have been made by the police department since the close of the police court yesterday morning, and by the time the police judges take their seats on the bench tomorrow, this number will have been largely increased, as there are many patriotic citizens who seem to believe that proper observance of the Fourth depends upon their becoming helplessly and gloriously drunk.

## JAIL FOR MAN WITH LOADED REVOLVER

Because he had in his possession a revolver, loaded in every chamber, Policeman Reppetto yesterday imbued with the idea that Oakland was a part of the Far West, which is still "wild and woolly," was arrested last night at Eighth and Peralta streets by Police Officer Herron. He was booked at the police station on a charge of carrying concealed weapons.

## FLORISH JAILED FOR STREET DISTURBANCE

George Wilson, a florist who intoxicated last night expressed his opinion of J. Dunham in language more forcible than elegant, the result being that Wilson landed in the city prison on a charge of drunkenness and vulgar language. The trouble started at Ninth and Franklin streets, where the florist was arrested by Patrolman Keefe.

## PLAYMATE THROWS STONE; CUTS SCALP

John Cook, a schoolboy 12 years of age residing with his parents on Linden street, was treated at the Receiving Hospital late yesterday afternoon for a severe laceration of the scalp, the result of being struck on the head with a rock playfully thrown by a schoolmate. After treatment he was sent to his home.

# TURN PAGE ON TRAGEDY

## Woman Shot By Lover Removed From Hospital; Man's Remains Go South.

The tragedy enacted at the lodging house of Mrs. Mattie Dilsaver, 608 Ninth street, wherein Mrs. Robert Chiwinski, the wife of a miner in Alaska, was shot twice by Charles Phillips, a former resident of Los Angeles, who committed suicide after wounding the woman, is a thing of the past so far as the local authorities are concerned.

Last night at 8 o'clock Mrs. Chiwinski, who is in a condition favorable for ultimate recovery, was removed from the receiving hospital, where she had been since the shooting, to the Oakland Central Hospital, at Twelfth and Harrison streets. Although the bullet wound in the lung causes her much suffering, necessitating the use of opiates, the attending physicians are of the opinion that she will recover, provided no complications set in.

The remains of Charles Phillips, her attempted slayer, have been shipped to Los Angeles, where they will be taken in charge by relatives who reside in the southern city.

Sealed proposals will be received by the undersigned, on behalf of the Department of Commerce and Labor up to 2 o'clock p. m., Tuesday, July 31, 1906, and then opened, for all the labor and material required for the construction of buildings for the United States Immigration station on Angel Island, in the Bay of San Francisco, California; also for steam power plant, electrical equipment, plumbing, steam heating plant, hot water heating plant and electric light wiring, both for buildings and grounds. Full information concerning conditions and limitations governing bidders, together with blue print plans and specifications, can be secured upon application to Walter J. Mathews, Architect, 969 Broadway, Oakland California

## STORIES TO PLEASE FANS

Pitcher Reidy, whose fame as a comedian is traveling every day, spun a good yarn on Tim Hurst, the famous umpire, the other evening. It appears that Tim had pitched umpiring a series at Philadelphia and the home team had not succeeded in winning a game. Many close decisions had been given and the Phillies had always by chance been gers called on Tim. Just before the umpire left town and inquired:

"How is it Tim, that my team never gets any of those close decisions?"

The astute Timothy, always ready with an answer, replied

"It's a funny thing, Rogers, what becomes of all the close decisions?"

"It's a funny thing no one seems to to get them.

"HIT THE MIDDLE ONE"

A good story was told on Dal Hawkins, the once famous fighter. Hawkins was fighting Joe Gans in New York and Spider Kelly was seconding him. In the third round Gans handed Dal a few of his choice wallops and Dal came to his corner rather shaky. Kelly put hi min the chair and asked:

"How do you feel Dal?"

Hawkins replied, "Fine, Spider; I can lick the whole five of them."

Kelly, with his natural wit said:

"Never mind the others Dal—just hit the one in the middle."

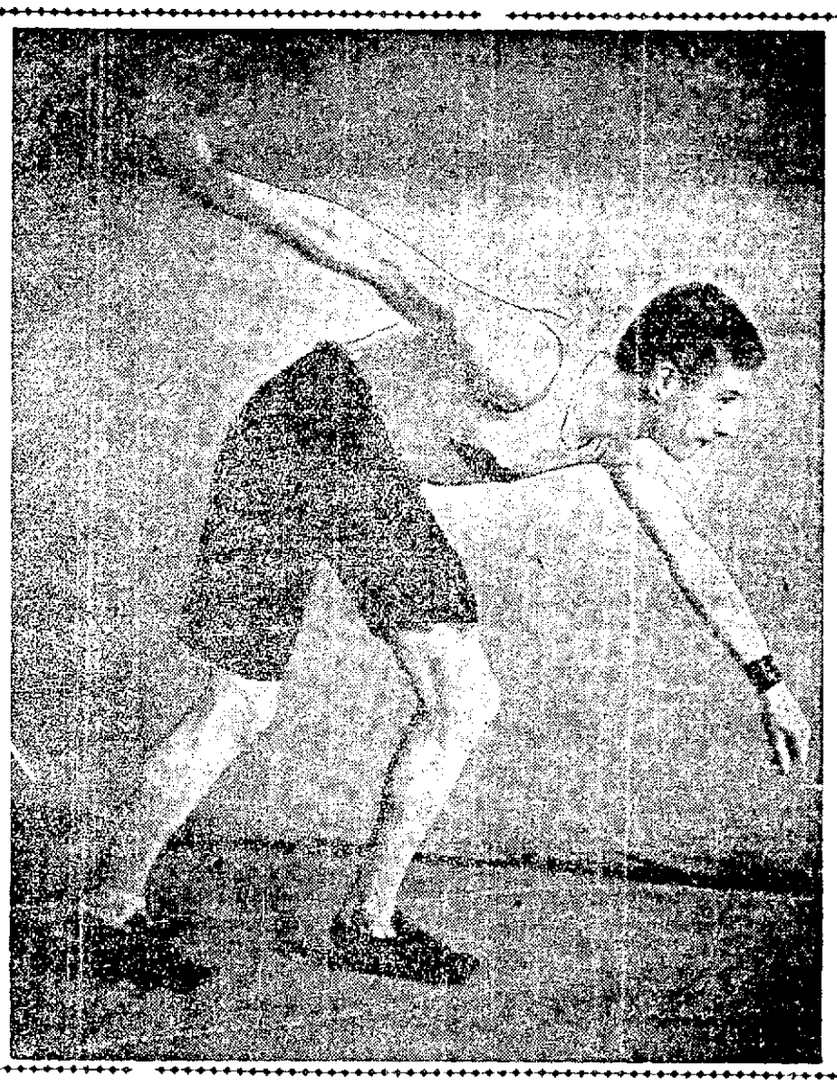
## OLYMPIC CLUB MEET BRINGS OUT STAR PERFORMERS

This picture represents A. A. Glarner, the fleet-footed runner who is entered in the Olympic Club's big field meet in San Francisco today. He has won many an event and has been looked upon as having a good chance today.



SAN FRANCISCO, July 4.—This afternoon the biggest athletic meeting ever held on the coast will take place at the stadium in Golden Gate Park. The entry list is one of the biggest ever known here and includes some star performers. A. A. Glover, the fast long distance runner, is one of the men expected to carry off a prize.

The officials have worked hard to get the arrangements perfected, so that the many events and the large number of contestants could be handled without delays or friction.

Frank O'Kane, who will be field marshal, Al Coney and Max Rosenfeld of the athletic committee, and President Fitzpatrick of the P. A. A. have worked hard for the success of the meet, and they have been aided by the counsel and support of William Greer Harrison, the dean of athletics on the coast and the head of the Olympic club.

The officials state that they have everything as well arranged as it is possible for human foresight to plan, and the indefatigable workers are hoping that the pleasure which the games will give to the thousands of spectators who will assemble on the grassy slopes of the city's big playground will recompense them for their days and nights of hard work and hard thinking.

The trophies for the races are a splendid collection. Each winner will secure a trophy, while the club scoring the greatest number of points will gain possession of the fine silver cup.

## VICKERS IS FINED FOR ASSAULT

SEATTLE, Wash., July 4.—Rube Vickers shut out Portland yesterday and then disgraced himself by an uncalled for attack on Umpire Perrine. Before any damage was done Russ Hall took hold of Vickers and gave him a shaking. Hall also fined Vickers for disorderly conduct. Generally speaking the game was slow and featureless except two or three times that Vickers got into deep water and had to be helped out. Seattle fielded perfectly. Van Buren's three-bagger, errors by Donohue and McCreedie, helped along by Croll's single, gave Seattle two runs in the fourth. Two singles and a sacrifice gave her another. Score:

## DAVIS GOES OUT IN FIRST ROUND

Three thousand fight fans crowded the big Piedmont Skating Rink last night at the monthly boxing show of the Reliance Athletic Club.

A surprise was furnished in the main event when Jack Davis, the big novice from San Francisco, went down to defeat in the first round before George Sullivan. Sullivan's experience and ring generalship were too much for Davis, who, when knocked down by a vicious right swing to the jaw, a few seconds after the opening of the first round, jumped to his feet only to go down again and again, the last time completely out.

WELL CONTESTED.

With the exception of one, all the other bouts were well contested. In the first Willie Hagen won from young Herrera after four rounds of the hardest kind of milling. Herrera repeatedly tried to win with a right swing to the jaw, but never connected fairly with his elusive opponent.

Loren Brown and Jacob Riley, who was substituted for Tommy Burns in the second, fought four rounds to a draw. This contest was marked by clever boxing and an absence of damaging punches.

Al Emerick played with Eddie Weber for two rounds, and Referee Eddie Smith then stopped the fight, as Weber had no chance to win.

JONES TRIED HARD.

One of the best contests of the evening was that between Johnnie Jones and Jimmie Irwin, who at the last moment took the place of Eddie Menney. Menney yesterday received a message that his mother was dying in Los Angeles, and he at once left for the southern city. Irwin, who took Menney's place, appeared to be at the mercy of Jones throughout the contest, but try as he would, the latter could not land a knockout blow, and Irwin left the ring little damaged.

An extra bout between Frank Mejl and young Gauley proved a farce, and after four rounds of spiritless boxing, the referee declared the bout no contest, and ordered the fighters out of the ring. Smith also informed the pair that they would not receive a cent for their exhibition.

MAIN EVENTS.

In the first of the main events, Frank Mayfield, according to Referee Smith, contracted a severe attack of "cold feet," and young McConnell was substituted to meet George Brown. Brown tried desperately throughout the four rounds of the contest to knock McConnell out, but the best that he could get was a decision by the judges.

When Jack Davis faced George Sullivan, in the last contest, there was a rapid exchange of heavy blows and Davis, after being thrice knocked down, was saved from further punishment by his seconds, who threw up the sponge.

## CANNOT HIT PITCHER HITT

PORTLAND, July 4.—"There's something uncanny about that man Hitt that keeps us from clouting him," said Mike Mitchell after the game with San Francisco when the San Francisco southpaw shut Portland out and held them to three hits. "We just can't hit him. I don't know why. He hasn't got anything this year.

"Last year when he shot them in I thought he was the greatest pitcher I ever saw. This year he hasn't speed or curve or anything else. He floats them 'over and they go so slow they drop of themselves

"One of these days Mr. Hitt will wake up and find he has a glass arm for pitching so often. When he comes here again we'll find him easy as pie No man can work every two or three days and keep his arm. It will be his own fault, too.

## LEAGUE RACE A GREAT ONE

The American league race is about the closest and prettiest event in baseball annals just now. Hardly a week passes that a change of some kind does not take place and the battle royal between Cleveland, New York and Philadelphia is as interesting to watch as the best show you ever sat through. Lajoie has got his batting eye with him and the way he is swatting the ball is making the opposing pitchers sick.

It looks as if these three clubs will fight it out among themselves for the coveted piece of bunting that goes to the champion team.

## UNIQUE FEATURES AT LAKESIDE RINK TODAY

There are great doings at the Lakeside Skating Ring today and tonight the goings on will be even bigger than those which are transpiring this afternoon. The nation's holiday is being celebrated with a vengeance at the Lakeside and the wholesome fun and frolic to be found there are entirely in keeping with the spirit of jollity that marks the day.

This afternoon a boys' race for the youths' championship of Alameda county was scheduled to be held, with boys of every size and degree. And don't ever let any one tell you that those boys can't skate. They may not get around quite as fast as their elders, but they make the fur fly in their efforts to beat one another and every minute is one of excitement.

Tonight there are to be several stellar attractions. A one mile handicap race is perhaps the leading feature, with numerous stars entered. This is sure to prove interesting. A couple race is also on the program, and here the feminine folk will have another chance to shine. There are not a few who can "go some," and the result should be some excellent sport.

## MERCHANTS IN VICTORIOUS GAME

The Berkeley Merchants defeated the Martinez baseball team at Martinez last Sunday in a very hotly contested game by a score of 8 to 6. The batting honors were carried off by T. Fitzsimmons, Ward and Pierotti.

The Berkeley Merchants pulled off three lightning double plays, which were very sensational. These were executed by Fitzsimmons, Haskell and Ward. Pierotti pitched a great game. He and Colley, who were at the receiving end, worked together like big leaguers.

The Berkeley Merchants were scheduled to play the Lorin Merchants today at Freeman's Park at 12 m. It is expected to be a very close and interesting game.

## DUSKY JOE IS TO FIGHT HOLLY

SEATTLE, July 4.—Dave Holly is a happy coon. The conquerer of Rufe Turner has long wanted to get a chance at Joe Gans in a twenty-round bout, and there is a good chance now that he will be accommodated. Manager Dailey has received a telegram from Joe Gans stating that he would fight Holly here, for a purse of $3000, with a privilege of sixty per cent. As the promoters have been trying to get Gans at almost any terms for several months, no time was lost in wiring an acceptance.

The plan now is to have Holly and Gans fight at Pleasant Beach the third week in July. While nothing has been said about the weight it is known that 136 pounds suits Gans about as well as it does Holly, and 136 will probably be the figure agreed upon. Joe still claims to be the lightweight champion of the world, and no one has ever beaten him at 133 pounds. His claim is good, but just the same he is not anxious to make that weight, though he professed a willingness to do so for either Britt or Nelson.

Holly and Gans have fought three times, one a ten-round affair and the other two times going six rounds. No decision was rendered in any of the bouts, so Dave puts up the claim that Gans has nothing on him, and has always contended that he can beat the champion in a twenty-round battle.

Gans seems to mean business this time, for he is acting as his own manager, and has established a precedent among fighters looking for matches in Seattle by paying for his own telegrams. The date will not be definitely announced until Gans gets here and signs articles.

## ATZ FIGHTING TO GAIN HIS LIBERTY

And still Jakey Atz does not appear. The latest the fans have heard of Jakey was told in a special telegram some time ago that he had begun suit against the Los Angeles club to compel it to let him play ball with New Orleans in the southern league. When Atz jumped his Los Angeles contract at Morley's bidding, he signed with New Orleans. President Kavanaugh of the league, however, promptly came to the rescue of organized baseball by forbidding the club to use him.

Atz may win his suit all right, but it remains to be seen what good it will do him. Baseball contracts are all onesided and entirely in favor of the manager, and for that reason, says Judge W. W. McCredie, they will never stand in court. Jakey may have his contract with Los Angeles annulled, but the courts can't keep him from being an outlaw.

It Atz played with New Orleans, the league could take away the franchise of that club and give it to some one else. If he tried to play anywhere else than Los Angeles the national association would take similar action. Jakey's wishes to play at his old home seem fated to disappointment. He has two courses—come back to Los Angeles or go to the outlaws.

## MOTOR CYCLE ENDURANCE TEST

ROCHESTER, N. Y., July 4.—Eleven riders out of the thirty-eight who started from New York Monday morning, on the motor cycle endurance test, made the run through to this city today, the point of the finish. The riders were due to arrive here at 4:50 o'clock yesterday. Six made perfect records and were awarded gold medals. Their names and the order in which they arrived are as follows:

Stanley T. Kellogg, Springfield, Mass.; B. S. Barrows, Springfield, Mass.; S. J. Chubbuck, Toledo, Ohio; J. B. Deltoscher, Springfield, Mass.; George N. Holden, Springfield, Mass. Five other men who arrived here before 9 o'clock last night were classed as survivors, and were awarded silver medals.

## MORLEY SUED BY A STOCK-HOLDER

LOS ANGELES, July 4.—Thomas Stevens, a local business man and stockholder in the Los Angeles Baseball club, has brought suit against Jim Morley, the principal owner of stock in that organization, to recover $1200 which he claims to have lost as the result of the disbandment of the club and the release of the baseball players. Stevens alleges that Morley had no right to surrender a franchise held in the Pacific Coast Baseball league and that the franchise was forfeited without his knowledge or consent though he owned $400 worth of stock individually and held $800 worth as security for a loan which he advanced to another stockholder.

## TOY PISTOL DOES ITS DEADLY WORK

OSWEGO, N. Y., July 4.—Murray Kitts, 13 years old, was accidentally shot and killed last night by Frederick Parker, a companion about the same age. The boys were planning for the Fourth of July. Parker discharged what he supposed to be a blank cartridge from a revolver. Kitts fell with a bullet in his head and died almost immediately. Parker disappeared. He is a member of a prominent family, as was Kitts

## BIG FIGHT ON TODAY IN SOUTH

LOS ANGELES, July 4.—Both Abe Attell and Frankie Neil, who are to fight twenty rounds this afternoon for the feather-weight championship of the world, are as fit and ready as hard training and competent management can make them.

Both boys rested yesterday, with the exception of a little road work in the morning and will do nothing more before the fight. Attell went on the road for a five-mile walk this morning, and Neil also took a short walk.

Monday afternoon, after the completion of his training stunt, Attell weighed 118½ pounds. This means that he is so far below the required weight of 122 pounds that he can afford to put on a little avoirdupois before he enters the ring.

It is reported from Neil's camp that his weight yesterday was 120 pounds. Betting is now 10 to 7, with Attell the favorite. The problem in this fight which is agitating the ring followers is whether Neil can hit Attell. The latter announces that he will mix it with Neil and beat him at his own style. With Attell running away it would be almost impossible for Frankie to do him any damage, but in a biff-bang battle Neil has a good chance to win by a knockout, as he has far the harder punch of the two. It is a classy fight, as both boys are champions of their class and have reached the top only through sheer merit and fighting ability. The main preliminary will be between Montana Kid and Billy Walsh at 133 pounds.

Charles Eyton will referee the main event. The winner will take the large end of the gate receipts and in addition will get the $1000 championship belt offered by Manager McCarey of the club.

## SULLIVAN AND SMITH IN DRAW

PUEBLO, Col., July 4.—Rube Smith, the Colorado welterweight, last night in this city earned a draw with Mike (Twin) Sullivan of Cambridge, Mass., after ten rounds of fast boxing, in which both men showed great cleverness.

May Live 100 Years.
The chances for living a full century are excellent in the case of Mrs. Jennie Duncan of Haynesville, Me., now 70 years old. She writes: "Electric Bitters cured me of Chronic Dyspepsia of twenty years' standing, and made me feel as well and strong as a young girl." Electric Bitters cure Stomach and Liver diseases, Blood disorders, General Debility and bodily weakness. Sold on a guarantee at Osgood Bros.' drug store, Seventh and Broadway and Twelfth and Washington. Price only 50c

## PLAYING FOR CROCKER CUP

Mrs. R. Gilman Brown and Mrs. Walter S. Martin survived the semi-final round play in the second tournament for the Mrs. William H. Crocker cup yesterday on the links of the Burlingame Country Club. These two players will meet in the finals.

The semi-final matches, while rather one-sided, were interesting. Mrs. Brown won from Mrs. H. H. Sherwood by a score of 5 up and 4 to play, and Mrs. Martin won from Mrs. Lawrence I. Scott by 3 up and 1 to play. The outcome of the Mrs. Brown-Mrs. Sherwood match was never in doubt, though Mrs. Brown was not in her best form. Her approaching and putting were particularly good, but she was somewhat off on her driving.

Mrs. Martin and Mrs. Scott were both in fairly good form. Although the former qualified in 98 and the latter in 119, Mrs. Scott forced her opponent to play her best game. For the first few holes the score was about even, but Mrs. Martin gradually assumed the lead, until, at the seventeenth hole, she was 3 up on her opponent.

An unusual amount of interest is being taken in the bogey handicap tournament for the men, to be played on the links of the Burlingame Club today. Seventeen names appear on the list of entries, and among them are some of the most expert golfers on the coast.

TOO LATE?

MAMA! Don't be frightened—but be warned!

Every Mother knows, or should know, that the terrible Mortality among little children is caused by Stomach and Bowel troubles. Colic, Sour Curd, Cholera Infantum, Summer Complaint, Measles, Rashes, Scarlet Fever—even Mumps—have their first cause in constipation.

The Delicate Tissues of a Baby's Bowels will not stand rough treatment. Salts are too violent, and Castor Oil will only grease the passages, but will not make and keep them Clean, Healthy and Strong.

* * *

There is no other medicine as safe for a child as Cascarets, the fragrant little Candy Tablet, that has saved thousands of families from unhappiness.

The Nursing Mother even in good health should always keep her own Bowels Loose, and her Milk Mildly Purgative by taking a Cascaret at night before going to bed.

No other medicine has this remarkable and valuable quality. Mama takes the Cascaret, Baby gets the Benefit.

Cascarets act like strengthening Exercise on the weak little bowels of the growing babe, and make them better able to get all the Nourishment out of Baby's Natural Food.

Larger children cannot always be watched, and will eat unreasonably. The Ready Remedy should ever be at hand—Cascarets—to take care of the trouble when it comes.

No need to Force or Bribe children to take Cascarets. They are always more than ready to eat the sweet little bit of Candy.

Repulsive medicine forced on the little ones does more harm than good.

* * *

Home is not complete without the ever ready Box of Cascarets. Ten cents buys a small one at the Corner Drug Store.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

* * *

BY FREE TO OUR FRIENDS!
We want to send to our friends a beautiful French-designed, GOLD-PLATED BONBON BOX, hand-enameled in colors, it is a beauty for the dressing table. Ten cents in stamps is asked as a measure of good faith and to cover cost of Cascarets, with which this dainty trinket is loaded.
Send to-day, mentioning this paper. Address Sterling Remedy Company, Chicago or New York.

# Indisputable Evidence.

You have read our oft-repeated statement, "In use for over 30 years." It was in the early sixties that the prescription now universally known as Castoria was first made use of. With a record of over fifty, under five years of age, out of every hundred deaths, it was the AMBITION OF EVERY PHYSICIAN to discover a remedy suitable for the ailments of infants and children that would decrease this distressing mortality. In Castoria that relief has been found.

Let us take the statistics covering the deaths in the City of New York for the past 30 years, and here we find the benificent effect of a combination of drugs excluding opiates and narcotics so long sought for, namely: CASTORIA.

Of the total number of deaths in New York City **in 1870, 50 per cent.** were under five years of age; **in 1880, 46 per cent.; in 1890, 40 per cent.; in 1900, 35 per cent. only.** Just stop to think of it.

Until 1897 no counterfeits or imitations of Castoria appeared on drug store shelves, but since that date Mr. Fletcher has been called upon to suppress a number of these frauds. While the record for 1900 does not come down to our expectation it is owing to the carelessness of mothers when buying Castoria. The signature of Chas. H. Fletcher is the only safeguard.

# CELEBRATE IN PARK

## Citizens of San Francisco Enjoy an Interesting Programme.

SAN FRANCISCO, July 4.—This city's celebration of the national holiday was an unusual one in many respects. There was an utter absence of fireworks, the authorities having issued orders against their use and the other customary features of the observance of the day were missing, the parades and exercises being remote from the places where they were formerly held. The day was favorable for its order and quietness.

Thousands of persons took advantage of the pleasant weather to make excursions to near by rural resorts.

The main event of the day was the dedication at Golden Gate park of what has been pronounced to be the finest stadium for athletic sports in all America. The dedication was under the auspices of the Greater San Francisco Fourth of July Carnival committee composed of civil and military authorities and officials of the Olympic club.

The best of the California University high school and Olympic club athletes took part in the field games.

The exercises were opened with an invocation by Archbishop Montgomery.

James D. Phelan delivered the oration and Mayor Schmitz read the Declaration of Independence. A select chorus of school children sang. The Star Spangled Banner. William Greer Harrison, president of the Olympic club, acted as master of ceremonies.

There was no formal ordinance. The field was cleared by mounted police and the athletes from the Presidio marched around the field to the stirring music of the regimental band.

A number of tennis tournaments were in progress during the afternoon.

# MANAGER BISHOP IS HOME

MANAGER H. W. BISHOP

## Secures Many New Attractions for Ye Liberty Theater and Idora Park.

Manager H. W. Bishop of Ye Liberty and Idora Parks left last night for New York and other eastern cities. Speaking of the extended business trip Mr. Bishop said:

"I found on my arrival in the east fully as much activity in New York as I had noticed will remember at this time of the year there are always attractions open or could be secured if called upon by theaters. But you may depend on getting the leading independents of the country. The idea is that they would book the very best attractions for the coast as soon as the were able to secure proper dates.

"The people of the rural districts are making wonderful progress throughout the eastern counties. In fact the rural districts look the best of any part of the country. Where I was in the east fully as much activity in New York as I had noticed will remember at this time of the year there are always attractions open or could be secured if called upon by theaters. But you may depend on getting the leading independents of the country. The idea is that they would book the very best attractions for the coast as soon as the were able to secure proper dates.

"The people of the rural districts are making wonderful progress throughout the eastern counties. In fact the rural districts look the best of any part of the country. Where I was in the east I made arrangements for the coming season at Ye Liberty and Idora Park. I found that Idora Park is far superior to many of the illuminated parks in the east, the illumination being here one of its attractions. During the coming season I intend to produce at the park such operas as Robin Hood, 'Dolly Varden,' and many other equally as strong attractions. I intend to make the Idora Park opera house one of the most attractive places in the west, and during my management I will see that every performance is kept up to the highest kind of standard.

"In reference to the future of Ye Liberty playhouse, I might mention that I have secured some very strong plays including 'Lily and the Prince,' 'The Sign of the Cross,' 'In the Palace of the King,' 'The Christian,' 'The Charity Ball' and many others. I met James Neill in New York. He in conjunction with Martin Merle, the author, is superintending the production of 'The Light Eternal' in the metropolis. This is the play that I produced at the Majestic theater in San Francisco last year and which had such wonderful success in that city. I succeeded in having it placed with some prominent New York managers and it will be given a great production there.

"In regard to the Schubert attractions I may say that just as soon as I am able to place them they will be booked for the coast. In saying this I do not mean that Ye Liberty theater will be turned into an independent attraction house. My Oakland theater will continue on the same basis as at present but occasionally during the season we may give over a night or two to any large attraction that may want to play here, for instance, like Leonhardt.

"I had a very pleasant trip to the east and am glad to return to Oakland and good old California. Oakland suits me and always did. The people of this city have always treated me with kindness and consideration and I am going to reciprocate by trying to give them the very best attractions in my power for an admission price that will be within their means."

# DISTINGUISHED SPEAKERS EMBELLISH GREAT THEME

BERKELEY, July 4.—Standing on the massive steps of the Greek theater on the university campus this morning facing a great throng of American citizens who gathered to celebrate in a fitting manner the most eminent university in the United States—Professor Dunlap of the University of Wisconsin to Professor H. Morse Stephens of the University of California—delivered Independence Day addresses notable because of the circumstances under which the words were spoken and prevailing a distinction in all the glory of climate and nature that abounds where the Fourth of July is celebrated.

### WEALTH OF WISDOM

Professor Harry Morse Stephens is an Englishman by Oxford training, a subject of King Edward VII by birth, an American in feeling and spirit and with the wealth of worldly wisdom he possesses and the distinction of scholarship and mental weight to accompanies great learning he spoke to Americans of Independence Day this morning and gave them a new thrill as from a new point of view they heard the old matters of liberty and Americanism discussed.

Professor Stephens made special reference to the test of American institutions which the disaster in San Francisco supplied and the class days of that situation declared that American character, the American institutions and theory of self government triumphant proved to be of the strong, true stuff that the fathers of the republic intended Americans should.

### LOGIC AND ELOQUENT

Professor Stephens himself is a historian of eminence and a writer whose dictum carries weight in quarters where none but the most skilled give audience used all the weight of his logic and much of the eloquence and power of his fine voice to plead for a return to the American democracy. A return to the thirds of life and government of nature that which may safely and surely be adopted by any and every nation under the sun.

### RESOUNDING CHEERS

The distinguished scholar was cheered again and again as he made his telling points and clinched the argument with fact and point logic embellished by thrilling illustration and perfect rhetoric. Those who had come by the thousands prepared to wonder at the spectacle of a bibulous Englishman disclaiming on university soil on the day when Americanism is all to the front left convinced that in Professor Stephens' masterly address they had sung and speech and shout which goes up all over the land today.

### DEAN MOORE

Dean Moore of the summer session has most delightful memories at the morning. He spoke in short speech that delighted the people of this city. Extracts of the fact that this is the fiftieth anniversary of the Fourth of July will be made the occasion for a people's mass meeting at Metropolitan temple this evening. Dean Moore is also contributing the following to the exercises:

The English common law is yours what is your duty that is it what is there that I see nothing in an Englishman taking pride in the celebration of the anniversary of the Declaration of Independence and of the Fourth of July.

### NEW IDEAS

Those things signify the victory of a new set of ideas or the triumph of the institutions of the United States. It is not that the ideas of all nations may not find a home here. But do not let that degrade us to that change, but let us be true to the noble faith of the fathers which started our land on its English ideas.

If English, Irish or whatever else it be that finds and likely to speed the new language has not supplanted English. Until the same feeling stronger here or there. With other Englishmen I am glad to proclaim America and the United States. You may not wish to be proud of her or care whether we are or not but you cannot prevent us being proud of us.

### ENGLAND MAY BE GLAD

England may be glad of the Revolution. It was most to our time. England and the end of the reign of George III.

I never more part of the institutions as to the demonstrations and that the many good Americans in England [illegible] last Fourth of July.
